

UAS Approval Process for USF Business System Usage

If your operation plan involves research, proceed to Step 3A. If your operation plan is in the furtherance of course of academic study or instruction, proceed to Step 3B.

Email completed form to: rsch-awards@usf.edu

Step 3A: Research and Innovation Usage Approval

1. Please list the USF PI name, USF department/college, USF project number(s), sponsor, type of funding source, and project title(s) the UAS will be operated under.
2. Please briefly describe the research to be conducted during operation of the UAS.
3. Will results of the project be shared broadly with the academic community in the form of publications and presentations?
4. During the course of research, will the UAS be altered in anyway? If yes, please describe anticipated alterations.
5. Will the software used to control the UAS be altered in anyway? If yes, please describe anticipated alterations.
6. Will the UAS remain in Class G airspace, in sight and under 400 feet high at all times?

7. Will the UAS be used at night at any time?

As the responsible party for the UAS, I certify that the above information is true and correct. Should any of the information deviate from the approved plan I receive, I will immediately notify USF Research and Innovation and submit either a new or amended plan.

_____	_____	_____
Name of Responsible Party	Signature	Date

USF Research and Innovation approves the research usage and operation as described and identified above in accordance with USF System Policy 6-036. Any deviation from the above approved plan will result in the immediate withdrawal of this approval.
