## June 2023

Inaugural Edition June 2023

### Welcome From USF World Vice-President Dr. Kiki Caruson

I'm proud to launch the inaugural USF World Newsletter following the momentous announcement that USF is now a member of the Association of American Universities (AAU), the most prestigious group of universities in higher education. This incredible honor reflects USF's remarkable rise in national rankings. This year, USF achieved its highest position ever in the U.S. News and World Report annual ranking of the best colleges in America. This marks the fourth consecutive year that USF has ranked among the nation's top 50 public universities and the first time USF has been recognized as among the top 100 of ALL universities.

USF World serves as the university's gateway to global engagement across its three campuses. We are proud to play a vital role in USF's reputation for student and faculty success, excellence in research, and mutually beneficial and high-impact local and global partnerships. My inspiration for the newsletter is to share the university's global impact with partners in Tampa Bay, the U.S. and across the world.

USF is the #1 destination in Florida for international student enrollment. 10% of our student body is comprised of international students who represent more than 140 countries. We not only receive students from all over the world, we encourage our students to travel abroad because we know how impactful an international experience is for career readiness and personal growth. USF is currently ranked 13<sup>th</sup> nationally among public universities for the number of students studying abroad.

We look forward to taking you on a global monthly journey sharing our programs, events, international alumni profiles and updates from over 45 USF faculty-led study abroad programs around the world. Be sure to check out our Global Networks and become involved in USF's activities no matter where you are – we are global!

July 2023

### Update From The Vice President

I am proud to launch the first monthly USF World Newsletter following the extraordinary announcement that USF is now a member of the Association of American Universities (AAU), the most prestigious group of universities in higher education. I am also excited to share amazing highlights in this issue, including the generous \$25,000 contribution from the Regional Chancellor for the USF Sarasota-Manatee campus to establish the Karen and James Hobbrook Study Abroad Scholarship. This gracious donation will increase access to study abroad opportunities for our students.

I'm particularly eager to showcase this month's feature story about an innovative collaboration between USF World, the Judy Genshaft Honors College, and the School of Interdisciplinary Global Studies in the College of Arts and Sciences, to create the USF D.C. Global Experience for 12 USF students. This program, designed to open doors to careers in international affairs for USF students, is an example of global learning here at home. The unique program was made possible with financial support from the USF World Advisory Council and members of the Tampa Bay community.

I'm also thrilled to report that Pin Phanitadol-Lima has joined USF from Brazil to coach the new USF beach volleyball team and we are excited to support her. Nearly a quarter of USF athletes are international students! We look forward to sharing news from our global athletes in future newsletters.

Stay connected with USF World and we will take you on a monthly global journey sharing our programs, events, international alumni profiles, and updates from over 45 USF faculty-led study abroad programs around the world! Be sure to check out our Global Networks and get involved with USF's activities no matter where you are – we are global!

## August 2023

August 2023

### Update From The Vice President

Welcome to the start of the 2023-24 academic year. I am pleased to share the August USF World Newsletter following a summer filled with extraordinary study abroad experiences spanning the globe from Ghana to Florence to Peru and countless countries in between.

This month, we are showcasing the work of Professor Golfo Alexopoulos from the School of Interdisciplinary Global Studies. As director of the USF Institute for Russian, European and Eurasian Studies, she was awarded a \$700,000 U.S. Department of Defense grant to study Russian speakers in online spaces, Kremlin propaganda and internet usage patterns in Russia. We are proud of her contributions to U.S. national security.

I am also excited to highlight two global alumni features about a biomedical graduate turned actor in India and Los Angeles, and an engineering graduate who founded a successful construction firm in Colombia.

On behalf of my colleagues at USF World, we look forward to welcoming you to our programs and events throughout the year and to supporting the 5,000+ international students and scholars who call our campuses home. Furthermore, we encourage USF students to register for an incredible lineup of study abroad and virtual global learning programs this year.

Stay connected with USF World and we will take you on a global journey every month, sharing our programs, events, international alumni profiles and updates from over 45 faculty-led study abroad programs! Be sure to check out our Global Networks and get involved with USF's activities no matter where you are – we are global!

## September 2023

September 2023

### Update From the Vice President

I am pleased to share the September issue of the USF World Newsletter with you. This month, we are highlighting USF's remarkable summer study abroad programs. Our main story features the USF in London program which proved to be a memorable experience for the more than 100 students who participated. You will also find information about study abroad programs in Ghana, Japan, Panama, and Singapore.

Don't miss the feature spotlighting the work of inventor and professor Daniel Yeh from the Department of Civil Engineering, whose solar-powered NEWgenerator is providing innovative sanitation services in South Africa and India.

I'm also excited to share that we held two terrific events last month to welcome our incoming students and scholars from around the world. Be sure to look through the photos when you read about the International Student Welcome Reception and the Visiting and Fulbright Scholar event.

On behalf of my colleagues at USF World, we look forward to welcoming you to our programs and events throughout the year. Stay connected with USF World and we will take you on a global journey every month, sharing our programs, events, international alumni profiles and updates from over 45 faculty-led study abroad programs! Be sure to check out our Global Networks and become involved with USF's activities. No matter where you are, we are global!

Sincerely,  
Dr. Kiki Caruson

# GLOBAL TRAVEL SUPPORT AND NEW INSURANCE POLICY

USF has signed a service a new international support (International SoS) and international health and safety insurance policy (Gallagher is the broker and insurance is from Zurich).

Wider network of dedicated health and security professionals on-call around the world allowing for greater pre-travel advice, as well as monitoring of active medical, mental health, and security cases.

- Dedicated academic (vs. corporate) call number and chat options make it easier to get support.
- Stronger in-house security and risk services including traveler tracking (GPS monitoring attached to the ISoS app), push notifications to travelers regarding civil unrest, strikes, weather alerts etc., electronic check-ins etc.
- Additional mental health counseling services.
- Robust learning materials for travelers with 40+ modules to help prepare USF travelers for a safe and healthy trip. There are specific modules for student travelers, as well as modules focusing on identity-based security concerns, cybersecurity, avoiding kidnapping, malaria, etc.
- Insurance policy includes Trip Delay and Trip Interruption and a higher threshold of coverage (\$500K)

# SUMMER / FALL 2024 FTIC NUMBERS

Academic Year	Applicants	Admitted	Conversion	Deposited	AD Yield	Enrolled	AE Yield
20242025	1,129	23					
20232024	7,139	1,946	27.3%	498	25.6%	435	22.4%
20222023	6,751	2,569	38.1%	868	33.8%	736	28.6%
20212022	3,762	1,610	42.8%	501	31.1%	491	30.5%
20202021	2,747	1,269	46.2%	371	29.2%	324	25.5%

- At this point last year, we had 833 FTIC applications. While the volume continues to increase, we are seeing a lot of apps from Africa and Eastern Europe which will not complete or yield.
- We are proactively cancelling students immediately who are not taking SAT.
- We are still facing a lot of students applying via Common App and not realizing we are not a test optional school.

# MASTERS SPRING 2024

Academic Year	Applicants	Admitted	Conversion	Enrolled	AE Yield
Spring 2024	3,965	1,001	25.2%	0	0.0%
Spring 2023	4,985	1,092	21.9%	268	24.5%
Spring 2022	4,571	829	18.1%	255	30.8%

- 1,253 are still in the RG status. Now would be the final call for any final possible admits so students can get a visa for Spring 2024.

# MASTERS FALL 2024

Academic Year	Applicants	Admitted	Conversion	Enrolled	AE Yield
Fall 2024	1,111	167	15.0%	0	0.0%
Fall 2023	16,977	7,199	42.4%	3,232	44.9%
Fall 2022	26,771	8,979	33.5%	4,252	47.4%

- 1,797 apps and 219 admits at this point for Fall last year so slightly behind already from last year.
- Concern of a steady decline of applications at master's level.
- Addressing possibly use of agents to support selective master's departments to drive enrolments.

The screenshot displays the BullsConnect website interface. At the top, there is a green navigation bar with the BullsConnect logo and menu items: Home, Groups, Events (with a '1926' badge), and Chats. On the right side of this bar are icons for search, a leaf, a star, and a notification bell. Below the navigation bar, the left sidebar shows a 'Community Feed' and a 'MOST RECENT' section with 'Education Abroad Department' and 'Home' (General Channel). The main content area is titled 'Education Abroad' and includes sub-navigation for Home, About, Members, Events (with a '19' badge), Officers, and More. The central focus is on 'Upcoming Events (68)', which features a search bar and filters for 'Type', 'From Date', and 'To Date'. Two events are listed:
