A Guide to Stress-Free Parking at USF

1. USF parking permits are required 24 hours per day, 7 days per week. Display your valid USF parking permit as instructed. Repositionable permits can be easily moved between vehicles registered to the same person with Parking and Transportation Services (PATS).

2. Cut up old permits! Cutting up your expired permit prevents others from using it.

3. Pay attention to all posted signs and barricades.

4. Use the Bull Runner Transit to get around campus. Use the BULLTRACKER® to find buses and projected arrival times <usfbullrunner.com>.

5. Heed all warnings! Respond to parking citations promptly to avoid late fees, immobilization, or towing.

6. Don’t park in Reserved spaces any time, any day. These spaces are reserved 24 hours per day, 7 days per week.

7. Don’t alter your parking permit in any way. It will result in your vehicle being immobilized or towed.

8. Don’t block access to any disabled parking space and don’t park in a disabled space without your state disabled permit AND your USF permit.

9. Don’t buy your parking permit from anyone other than USF Parking & Transportation Services. Permits purchased from others could be lost, revoked, or stolen, and will result in your vehicle being towed.

10. Don’t share your parking permit. The registered owner of the permit is responsible for any and ALL parking violations.

11. Don’t park in any “No Parking” zones, including areas blocking service drives, streets, and fire lanes. It will result in your vehicle being towed.

12. Don’t park on the grass or on a sidewalk for any reason.

For parking maps and rules and regulations, visit our website at usf.edu/parking or call (813) 974-3990.
