

Know Before You Go

After the Fair

- Review and organize your notes from the fair and any pamphlets that you collected.
- Follow up. Write a thank you letter to each employer that you spoke with. Be sure to confirm your interest and enthusiasm for the organization in your letter.
- Complete any other action, such as sending resumes or completing online applications, within 48 hours of the fair.
- Connect with the employers that you spoke with on LinkedIn.
- Check Handshake to see if the organization has scheduled an on-campus interview or has posted any other job opportunities.
- Make an appointment with a Career Consultant to continue researching companies and build your career plan, and learn about related companies, networking, and job search strategies.
- Research other job opportunities, such as shadowing, on Handshake and company websites.
- Be patient and keep in touch with companies. Express your continued interest in the organization and desire for an interview approximately two weeks after initially talking to representatives from the company.
- Be sure to keep the business cards that you collected from employers during the Career & Internship Fair. If you don't hear back about a position now, you may be able to use these contacts to seek other opportunities or to ask about informational interviews.
