In addition, most career services require employers to abide by the full NACE Principles for Employment Professionals.

When you click the Confirm Email button in your confirmation email, you will be brought back to Handshake where you will connect with your organization or company.

Click the Join button if Handshake was able to find your organization. If a company appears, but is incorrect, please follow the on-screen instructions shown under “Not your company?”

Once you click “Join” you may get a notification that you are pending approval from another staff member in your company. For more information, view the article “What is a “pending” status at my company?”

If no company prepopulates, use the search bar to find your company, as pictured below. If your company does not exist, you can click “Create New Company.” Read the article “How do I create a company profile?” to learn more about completing your company profile in Handshake.

Visit page 7 for tips on creating your new company page!
Next, you will choose schools you want to connect with. To post positions, register for fairs, or search for students, you must be connected to a school. Use the filters on the left side of the screen to search for the University of South Florida. To request to connect with the University of South Florida, click the + button in the corner of the school logo.

We also recommend connecting with our two sister campuses, the University of South Florida St. Petersburg campus and the University of South Florida Sarasota-Manatee campus. To do so, you will need to search for both and add each of them separately on this screen.

When you are done adding schools, click Continue. Please note that once you complete this process you will become a pending employer. Approving new employers is done by Career Services’ staff and can take 2-3 business days depending on the volume of requests. Until your employer request is approved, you cannot post internships or jobs. To learn more about being in a pending status at a school, read the article “What is pending status at a school?” If our staff has any questions about your organization, we will contact you via Handshake.

Once your employer request is approved, you will receive an email from Handshake.

Once you log In to Handshake, you will be directed to your profile and you may begin posting your opportunities.

Having a complete profile is in your best interest when recruiting students. We encourage all of our employers to include all contact information, an updated and complete business address, and an **About Me** section with any relevant mission statements, values, visions, and goals.
Once you have been approved to post positions at USF, there are two ways to post a job:

1. On the homepage of your Handshake account, click **Post a Job**

![Handshake homepage with Post a Job button highlighted](image1)

OR

2. Click the **Jobs** tab and click **Create Job**

![Handshake jobs page with Create Job button highlighted](image2)

There are four required pages of the job posting form: **Basics**, **Details**, **Preferences**, and **Schools**. You can use the toolbar at the bottom to navigate between pages on the job post form. While these pages contain both required and optional fields, we highly recommend completing all fields. Some of the fields you should expect to complete include Job Title, Job Type (job vs internship), Employment Type (full-time vs part-time), and Duration.

Make your job posting work! Provide accurate salary and wage information, a complete list of majors you are recruiting, and a thorough job description to help encourage applicants who are skilled for and excited about the opportunity you have posted.
Once you have finished editing your job posting, select the University of South Florida from the left hand column using the + button and click Create to post your job. If you would like to post this job to the University of South Florida St. Petersburg campus and University of South Florida Sarasota-Manatee campus (recommended), you will need to select them individually here. Schools will only be visible once you have been approved at that school.

At the University of South Florida, your job will be posted automatically and will be visible to students upon clicking Create. At other institutions, your position may need to be approved before becoming visible to students.

You can add other schools to job postings even after it was initially created. To do this, return to this screen and click the + button next to the school’s name.

Did you know that you can also connect with the other members of the Florida Metropolitan Consortium of Research Universities through Handshake? Now you can seamlessly recruit at the University of South Florida, as well as Florida International University and the University of Central Florida!
