Abby Shockley, MPH
Director

Beth Holland, MBA
Learning & Development Facilitator

CJMHSA TAC Subject Matter Experts

Scott Young, Ph.D.

Eryka Marshall, M.A., LMHC

Amanda Sharp, Ph.D.

Nickie Zenn, Ed.S, NCSP

Kathleen Moore, Ph.D.

Michele Saunders, LCSW

Brief History

- Reinvestment grant and the CJMHSA TAC established in Florida Statute (s.394.657, F.S.)
- Grant goals:
 - Diverting individuals with mental health and/or substance issues from the criminal and juvenile justice systems,
 - Improving the accessibility and effectiveness of treatment services for adults and juveniles who have a mental illness, substance abuse disorder, or co-occurring disorder and who are in or at risk of entering the criminal or juvenile justice systems, and
 - Providing funds to plan, implement, or expand initiatives that increase public safety and avert increased spending on criminal and juvenile justice systems.

Roles

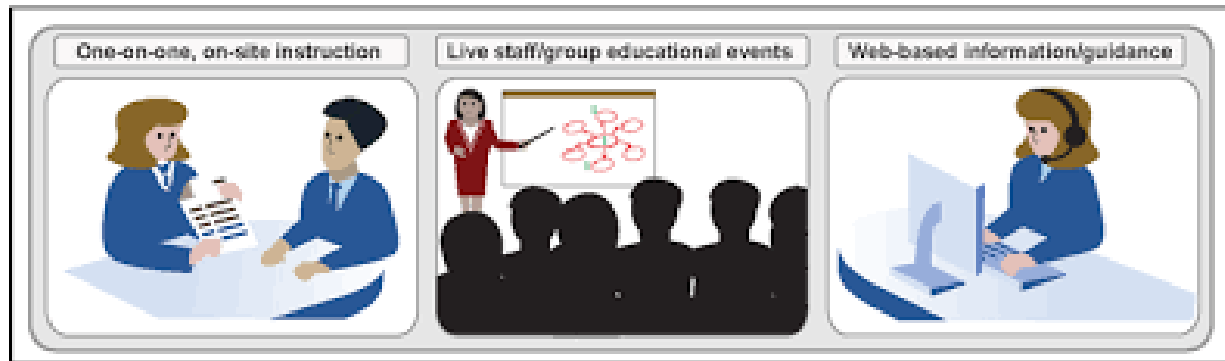

FL Department of Children and Families

- Sets funding
- Issues solicitation
- Selects applications
- Manages contracts

Technical Assistance Center

- Supports new and existing grants
- Supports communities seeking a reinvestment grant
- Partnership with DCF

What Is Technical Assistance?

Source: GAO analysis of information from selected agencies. | GAO-20-580

Technical Assistance Defined

- Commonly referred to as consulting
 - Process of providing targeted support to an organization with a need or problem.
 - Effective method for building the capacity of an organization and among systems (CDC, 2022)

Reinvestment Grant Technical Assistance

Pre-award

- Assistance with reinvestment grant applications
- Access to past applications and solicitations on our webpage
- Guidance on grant program questions
- Letters of support/commitment letters for SIMs
- Off-site technical assistance/consultation

Post-award

- Targeted events, based on grantee needs
 - Sequential Intercept Mapping
 - Motivational Interviewing
 - Strategic planning
- Access to array of subject-matter experts
- Coordinate and assist workgroups
- On-site visits/outreach
- Learning collaborative to connect with other active grantees launching 2023)

Technical Assistance Menu

TECHNICAL ASSISTANCE

- Grant application preparation and review
- Strategic planning
- Sustainability planning
- Target population needs assessments and gap analysis
- Document review
- Asset mapping
- Data analysis and collection
- Relationship building, community partnership assessment
- Best practice guidance
- Program development
- Peer-to-peer learning collaboratives and discussion facilitation

TRAINING SERVICES

The CJMHSA TAC provides single and multi-day training options on a variety of best practices and topics related to the target populations and services of the DCF Reinvestment Grant Program. The training list below is non-exhaustive and only demonstrative of most commonly requested topics. If your grant program has a specific training need that is not identified in this list, please contact the TAC.

General Program and Grant Management

- Grant development and planning for pursuing external funding
- Grant management, oversight, and sustainability approaches
- Building strategic partnerships
- Systems development, integration, and assessment for grant/program planning

Service and Practice Specific

Systems

- Sequential Intercept Mapping (SIM)
- Sequential Intercept Mapping follow-up
- CJMHSA Planning Council membership and roles
- Transportation Plan review and recommendations
- Juvenile justice systems development
- Children's Systems of Care
- Cost effectiveness, cost offset, or cost avoidance methods
- Evaluation methods
- Developing and supporting recovery-oriented systems of care
- Addressing stigma across systems and programs

Early Intervention/Prevention

- Screening and risk assessment tools and strategies
- Crisis Intervention Teams (CIT)
- Mobile Crisis Models
- Assertive Community Treatment (ACT) Teams
- Jail diversion strategies
- Early intervention in psychosis

Treatment and Intervention Services

- Motivational Interviewing (MI)
- Integration of physical and behavioral health services
- Confidentiality (HIPAA and 42 CFR Part 2)
- Best Practices for the use of Medication Assisted Treatment (MAT)
- Co-Occurring Disorders and Service Delivery
- Central Receiving Facilities (Baker Act and Marchman Act)
- Forensic Intensive Case Management (FICM)
- Problem-solving courts (Mental Health Court, Drug Court, Marchman Court, Juvenile Drug Court, etc.)
- Addressing impacts of opioid and other substance use

Reentry and Recovery

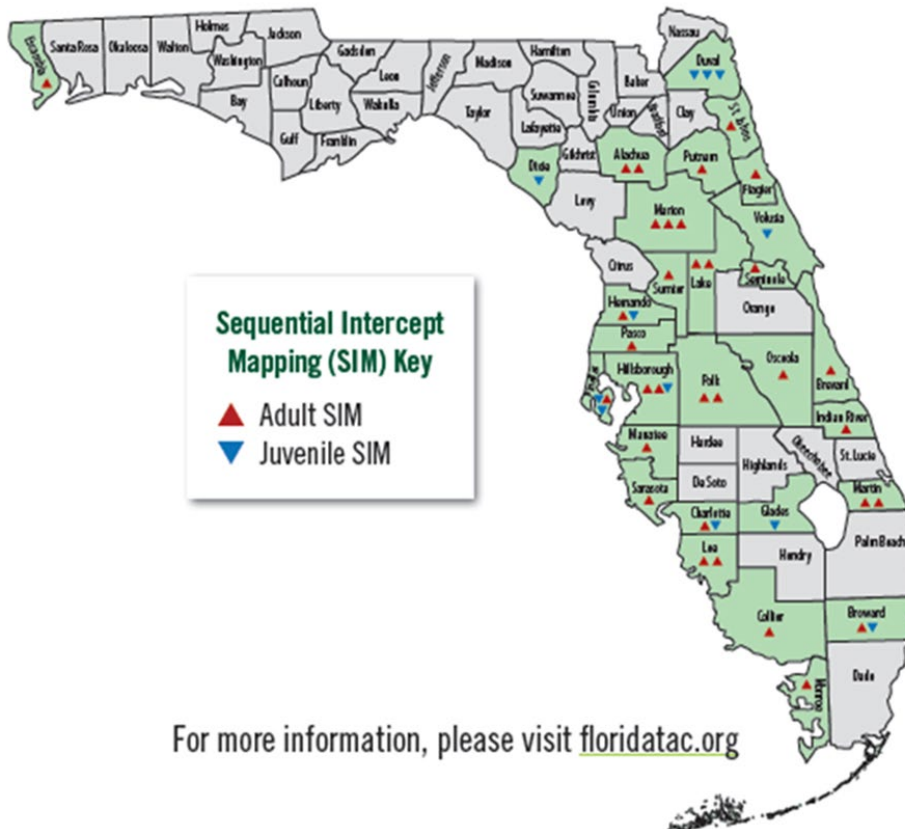

- Permanent Supportive Housing and Housing First Principles
- Supported Employment
- Discharge and transition planning (APIC)
- Enhancing the use of peers and peer services
- Care coordination and coordination of complex care management (closed loop referrals, warm handoffs, follow-up methods)

METHODS OF SERVICE: PROJECT-SPECIFIC OR ONE-TIME

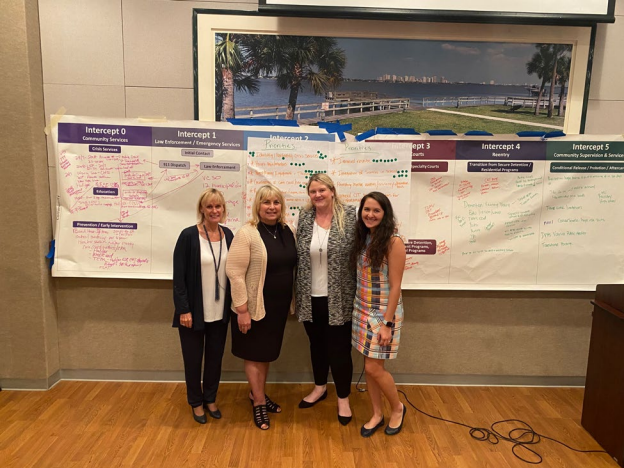

- On-site, in person
- Telephonic
- Virtual meeting, video conferencing

Summary of Active Grantees

CJMHSA TAC SIM Mappings 2008-2022

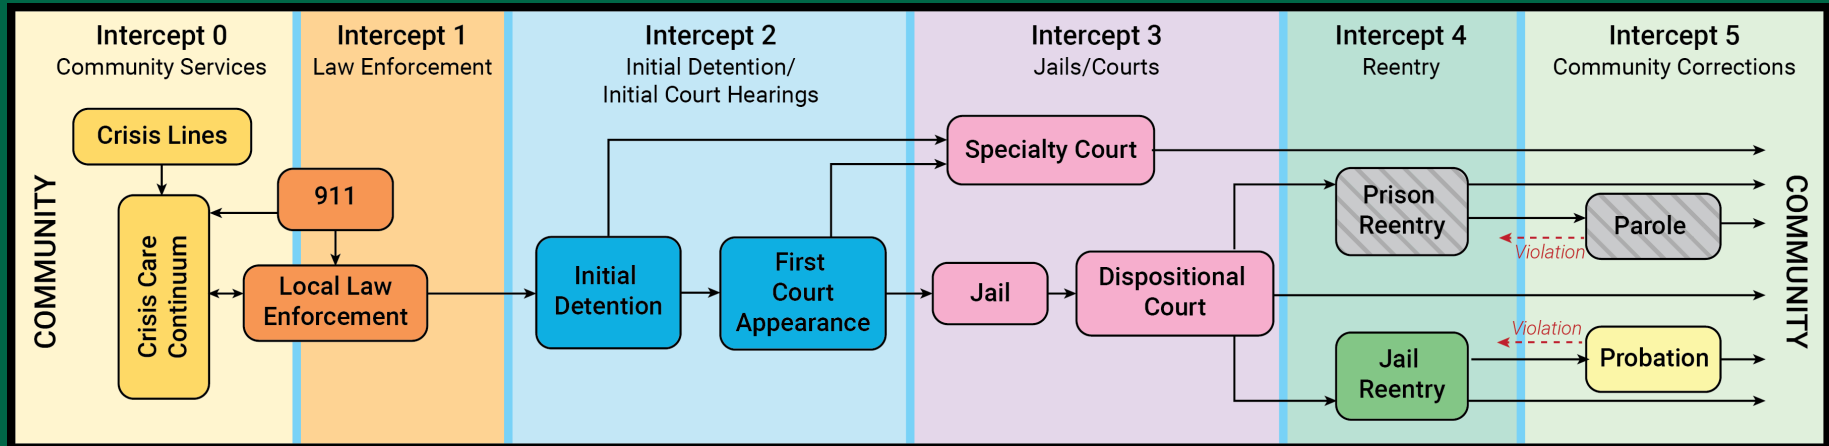

- 33 active grantees
 - 32 implementation/expansion
 - 1 planning

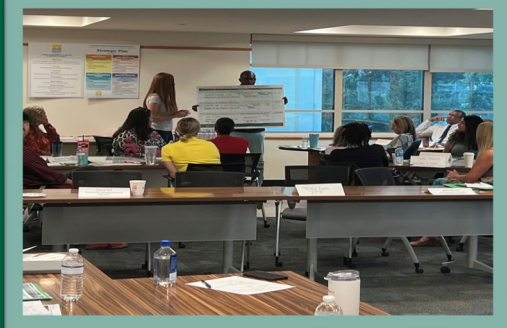

SIMs across the State

A large bronze bull sculpture is the central focus, depicted in a dynamic running pose as it moves through a shallow pool of water. The bull's body is dark and reflective, with its legs extended forward and back, creating a sense of motion. In the background, a modern building with a curved facade and large glass windows is visible. The building's facade features a grid-like pattern of vertical and horizontal lines. To the left of the building, there are lush green trees and bushes. To the right, a smaller, more rectangular building is partially visible. The sky is a clear, pale blue. The overall scene is bright and sunny, with the water reflecting the light. The text "Questions?" is overlaid in the center of the image in a white, sans-serif font.

Questions?
