The USF Tampa School of Social Work MSW program is accredited by the Council on Social Work Education (CSWE)

Offered at the USF Sarasota-Manatee

All courses are scheduled on the USF Sarasota-Manatee campus

Mission

The MSW program is a specialized course of study designed to prepare graduates for clinical practice with individuals, families and groups in agency or organization-based community practice settings. The program is designed to produce graduates who exhibit professional standards, values, and ethics in the practice of social work; who demonstrate a respect for human beings and a commitment to the capacity for growth and change in people; and who demonstrate the application of professional social work principles through professional discipline and self-awareness in the service of all clients. Graduates will be able to engage in a range of practice methodologies appropriate for treatment of individual and family problems and in work with groups.
