What’s New at OLLI this Fall?

Lovers of the Arts! We are pleased and proud to be working closely with the Florida Orchestra and the Straz Center for this first-ever collaboration.

This fall we are offering a very special ticket to Broadway with seats to four notable musicals including the wildly popular “Book of Mormon” and “Fun Home,” which won five Tony Awards including Best Musical in 2015. Each performance will be preceded by a one-hour lecture from an expert, exclusively for us! HURRY! We have until September 20 to meet the minimum required to make this wonderful opportunity happen.

Writers will find a wide array of writing courses this term. Starting? Need support from other writers? Fiction? Memoir? Looking to publish? We’ll get you writing this fall.

We are helping to celebrate The Florida Orchestra’s 50th anniversary by offering TWO classes, one by musical director Michael Francis, plus an open rehearsal day trip with the orchestra that includes a backstage tour and lecture.

Political Junkies! Several ongoing and popular courses return and are joined by several new offerings for those of you who can’t get enough information about the current goings on.

Plan to attend our distinguished lecture by Pulitzer-prize winning journalist Ian Johnson, open to all.

See the USA with OLLI in 2018!

You are cordially invited to a FREE information session to learn about our “SEE THE USA” trips being offered to OLLI members in 2018. See page 29 for more information.

Premier World Discovery representatives will discuss each trip and answer your questions. Plan to attend this special event:

Rollover
Your IRA for Good

By taking a distribution from your IRA this year, you will likely pay more in taxes and may even reach a higher tax bracket. **Rolling over** part of your IRA’s “required minimum distribution” or “RMD” to USF for the benefit of OLLI can help reduce your tax bill while supporting our cause.

Double the Benefits!

An **IRA charitable rollover** gift can benefit both you and USF-OLLI! Contact your IRA administrator to get started with your gift. While you will not receive an income tax deduction, you will not pay taxes on any distributions made to USF.

Please inform us of your plans so that we use your gift for the programs that mean the most to you.

This year’s Annual Fund Campaign was a great success! We reached our goal and then some. Due to your generosity, OLLI members will have enhanced classroom experiences because of the upgrades we are able to make to our audio/visual equipment. Every dollar that was donated went directly to the OLLI budget and for the benefit of our OLLI members...a big “Thank You” to all who donated!

Sincerely,
Lorraine Watson

Nature as Healer
Why is nature healing? What happens to us when we’re in nature that makes it beneficial to our health? How do we take advantage of nature’s medicine? Overwhelming scientific evidence shows us that nature heals. Many countries are using this information to help their citizens stay healthy longer without medications. We will use the fox walk meditation technique to help us connect to the earth. We will wander the landscape and use healing methods to help ourselves and others. We will feel the sun on our faces and touch the earth. Note: this class has elements of earth-based spirituality.

SIGs do not take the place of OLLI-USF courses and programs – they complement them! Like everything else at OLLI-USF, all it takes is a member willing to take the lead and find others who share the same interest. Contact the OLLI-USF office to request a set of SIG guidelines and a SIG application. Check the OLLI-USF master calendar for future SIG meeting dates online at bit.ly/OLLIcalendar (case sensitive).

**Traveling in Nazi Germany**

The Nazi Wehrmacht ran on paperwork, evidenced by the complicated maze of forms necessary for soldiers to travel in the Third Reich either on leave or on official business. They were stopped at many points and ordered to “Show me your papers.” Matt DiPalma is a former marine sergeant, collector of historic documents and author of the book *German Military Travel Papers of the Second World War*. He will tell us about the lives of these soldiers and will show us original documents from his own collection, displaying some of the WWII German military paperwork.

**Origins of Today’s Middle East Crisis**

World War I may have ended in 1918, but the violence it triggered in the Middle East still hasn’t come to an end. Arbitrary borders drawn by self-interested imperial powers have left a legacy that the region has not been able to overcome. Learn about this continuing crisis from Jack Tunstall, a distinguished military historian, a faculty member in the USF history department, and the executive director of Phi Alpha Theta History Honor Society.

**Fri, 11/17 • Registration Opens 10/6 • RSL • 181XOSTSE075G**
