

Secondary Education Information Session

Tuesday, March 7, 2017 | 5:30 PM | TECO Hall

Join the USF College of Education for an information session on our middle (5-9) and secondary (6-12) education programs in **math, science, English, foreign language, and social science**. During the session, you will hear from academic advisors, Clinical Education Coordinator Kate Boney and a panel of secondary education students who will share about what it's like in the program.

Topics to be covered include:

- » An overview of the secondary education program, its learning outcomes and course requirements
- » The clinical component of a degree in education — and what it's like to intern in a classroom
- » Which courses prepare graduates to be confident and effective in their first years of teaching
- » Skills students gain that are transferrable to careers beyond teaching in the classroom
- » The immediate employment opportunities available to our graduates after completing their degree

Admissions and Program Information:

Student Academic Services | EDU 106 | 813.974.2979
Adrienne Pollard, M.S.Ed. | apollard@usf.edu | 813.974.4729
