The opposite side of this checklist outlines the requirements, both course and non-course, for admission into the College of Education. In addition to those outlined are the following University requirements:

6A Communication
All undergraduates are required to take four courses identified as Gordon Rule Communication (6A) courses and earn a C- or better in each. ENC 1101 and 1102 fulfill two of the four courses needed. Although some majors include 6A Communication courses within the upper-level program, the University requires you satisfy this requirement within your first 60 hours of coursework, and advisors strongly recommend you take them prior to admission to the College.

Foreign Language Entrance Requirement (FLENT)
Students pursuing a Bachelor of Science degree must demonstrate competency in a foreign language, through either two years of the same foreign language at the high school level or two semesters at the college level. Students pursuing a Bachelor of Arts degree have additional foreign language requirements.

International Diversity Focus Courses
International Diversity Focus (or Section H3) courses (see opposite side of checklist) can be cross-listed for courses in other categories:
- Section C2 (FKL Physical Science): GEO 2371: Introduction to Earth Systems Science
- Section E2 (FKL Fine Arts): MUH 2051: Folk and Traditional Music of World Cultures
- Section F (FKL Human & Cultural Diversity in a Global Context): One Section H3 course can be cross-listed for any course in Section F.
- Section H2 (Pre-Education Courses): EDF 2085: Introduction to Diversity for Educators

Apply to the College of Education!

Students must submit an application to the College of Education: this is separate from the application to the University of South Florida. Some programs are limited access and may have different admission restrictions.
In addition to the College of Education admission requirements listed on both sides of this checklist, applicants to the following programs must adhere to additional requirements and include supplemental materials with their applications:
- Elementary Education Teacher Residency
- Middle Grades Mathematics Education

See your academic advisor and the individual program websites for detailed information.
