

Department of Computer Science and Engineering

May 23, 2017

Scholarships awarded to 8 undergraduate and 2 graduate students

Kelly Logan, Ryan McBride, Amber Imeh, and Belanna Marconi were each awarded \$2,000 from the CAE USA Scholarship. This scholarship is for undergraduate computer science, electrical engineering or mechanical engineering students at the sophomore level or higher.

Mark Moussa was awarded the Edward W. Kopp Memorial Scholarship of \$3,500. This prestigious award recognizes a full time junior, senior or first year graduate student who has been enrolled in the College of Engineering from the freshman year.

Omer Uzan was awarded \$750 from the Peter Pempsell Scholarship, which provides support to computer science and engineering students who have a GPA of 3.0 or higher.

Sulav Malla and Rekha Govindaraj were each awarded \$1,000 from the Spirit of Innovation Award, which recognizes graduate students in the Department of Computer Science and Engineering on the basis of merit.

Briana Luthman and Osrial Quintana were each awarded the SunView Software Scholarship of \$3,000. This scholarship supports full time undergraduate students majoring in computer science or computer engineering on the Tampa campus, selected for academic merit and financial need.
