Sriram Chellappan traveling to Bangladesh and India to give invited talks

Sriram Chellappan is traveling to Bangladesh to give an invited talk at the 2017 International Conference on Networking, Systems and Security in Dhaka, Bangladesh titled “Human Centered Designs for Cyber Security” on January 6, 2017. Sriram will also be giving an invited talk at Indian Institute of Technology (IIT) Madras titled “Wearable Sensing for Activity Recognition Towards Smarter Healthcare” on January 11, 2017. These talks will bring greater international exposure to research being conducted in the Department of Computer Science and Engineering at USF.

More information on the International Conference on Networking, Systems and Security can be found here:
