

To donate to an EE fund, go to the [USF Unstoppable Donation page](#), and select “make a gift”. You can search for funds using the following fund numbers or keywords:

Electrical Engineering Giving Opportunities

Fund 220090: *Electrical Engineering Fund*

Purpose: To support the Electrical Engineering Department

Fund 220063: *Electrical Engineering Undergraduate Design Fund*

Purpose: To support Capstone Senior Projects of undergraduate students in the Electrical Engineering Department.

Fund 220004: *Clean Energy Center Fund*

Purpose: To support academic endeavors in the area of clean energy

Fund: 220710: *Industrial Controls and Instrumentation Laboratory Fund*

Purpose: To further research education and training in the area of Industrial Controls

Fund 220016: *Nanomolecular Interfaces Fund*

Purpose: To support the academic and research endeavors in the nanomolecular interface area.

Fund 220025: *Power and Energy Fund*

Purpose: To support academic and research endeavors in power and energy.

Fund 220006: *Solar Cell Fund*

Purpose: To support teaching and research activities in innovative solar cell designs.

Fund: 220640: *Wireless and Microwave Operating Fund*

Purpose: To support research and teaching in the area of Wireless and Microwave Technologies

Fund 220890: *Latin American Interdisciplinary Support Fund*

Purpose: To support academic research activity in the College of Engineering

Electrical Engineering Student Scholarships

Fund 226290 Allan Gondeck Scholarship:

This scholarship provides support to students in electrical engineering students.

Fund 226015 Tom Tiedemann Scholarship

This scholarship is for a full time undergraduate or graduate student with a preference for electrical

engineering students. This scholarship is merit based and for students with financial need. Preference is for students with demonstrated leadership or community service.

Fund 226500 Glen and Joyce Burdick Endowed Scholarship

This scholarship provides support to senior engineering students who have expressed an interest in pursuing a graduate engineering degree from USF.

Fund 226390 Honeywell Hispanic Scholarship

This scholarship provides support to full time engineering students with a minimum GPA of 2.5.

Fund 226160 Franz Mantini Scholarship

This scholarship provides support to engineering students that have a 2.5 GPA or greater and have been involved in extra-curricular activities.

Fund 220043 Expressway Award Scholarship

This fund supports engineering students on the Tampa campus who are graduates of Hillsborough County high schools.

Fund 226023 Bracken Engineering Scholarship

This scholarship provides support to students in electrical engineering students.

Fund 220068 Michael Agana Memorial Scholarship

This scholarship provides support to students in electrical engineering students.

Fund 220036 College of Engineering Alumni Scholarship/Engineering Alumni Society Legacy Scholarship
