

**Instructor (job opening ID#00012993)
Department of Mechanical Engineering**

The Department of Mechanical Engineering at the University of South Florida invites applications for one 12 month non-tenure position at the Instructor level starting August 2017. The position requires an earned doctoral degree in Mechanical Engineering or a closely related field with preference to relevant experience. Prior teaching experience and expertise facilitating engineering design projects and programming is desired. The position requires a strong interest in teaching, supervision of student design projects, and developing new undergraduate mechanical engineering laboratory experiments.

The Department has 20 faculty members and offers B.S., M.S. and Ph.D. degrees in Mechanical Engineering. The department has 686 undergraduate, 82 masters and 43 doctoral students. The department has strong collaborations with all departments in the College of Engineering, College of Medicine, College of Arts & Sciences College of Education, and College of Public Health. The Department also has strong ties with various centers and institutes such as the Center for Assistive Rehabilitation Robotics & Technologies, Clean Energy Research Center, Nanotechnology Research and Education Center, H. Lee Moffitt Cancer Center, and USF Health Byrd Alzheimer's Institute. Further information about the Department can be found at <http://www.usf.edu/engineering/me/>.

The University of South Florida System is a high-impact, global research system dedicated to student success. The USF System includes three institutions: USF; USF St. Petersburg; and USF Sarasota-Manatee. The institutions are separately accredited by the Commission on Colleges of the Southern Association of Colleges and Schools. All institutions have distinct missions and their own detailed strategic plans. Serving over 48,000 students, the USF System has an annual budget of \$1.6 billion and an annual economic impact of \$4.4 billion. USF is a member of the American Athletic Conference.

With more than 16,000 employees in the USF System, the University of South Florida is one of the largest employers in the Tampa Bay region. At USF you will find opportunities to excel in a rich academic environment that fosters the development and advancement of our employees. We believe in creating a talented, engaged and driven workforce through on-going development and career opportunities. We also offer a first-class benefit package that includes medical, dental and life insurance plans, retirement plan options, tuition program and generous leave programs and more.

At the heart of USF is a vibrant, diverse and engaged student body. The College of Engineering is on the Tampa campus, which is also home to USF Health, including the Colleges of Medicine, Nursing, Public Health and Pharmacy.

Applicants must electronically submit the application packet to the following website: <http://www.usf.edu/administrative-services/human-resources/careers/> (Applicants search Job Opening ID# 12993). The packet must contain a cover letter, complete vitae with list of publications, names and detailed contact information for three references, and a 1-page statement of the applicant's teaching interest and vision. The cover letter should be addressed to Dr. Rasim Guldiken, Faculty Search Committee Chair, Department of Mechanical Engineering, University of South Florida, 4202 E. Fowler Ave, ENB 118, Tampa, Florida, 33620.

Women and minorities are strongly encouraged to apply. To request disability accommodations in the application and interview process, please notify Brett Annette, EOL Coordinator at (813) 974-7736.

USF is an equal opportunity/equal access/affirmative action institution.
