Take Our Daughters and Sons to Work Day

2018

This year’s event will be June 8th from 8:00 am to Noon in the School of Music. Participants will each attend two workshops:

Workshop 1: Children will walk or take a Bull Runner to a department.
Workshop 2: Departments will travel to the School of Music to present a workshop

Available Options for Workshop One – 9:30-10:15:

**Advanced Visualization Lab (All Ages)** Observe cutting-edge marvels in our Advanced Visualization Lab. Imagine viewing Google Earth with six million pixels (six times more than MOSI’s IMAX). Zoom from space to a single tree in ultra-high resolution. View and rotate ancient artifacts in 3D. Watch a 3D printer in action recreating artifacts scanned in the field. Offered by Information Technology: Advanced Visualization Center.

**Architecture and the Modern House (Elementary/Middle School)** Gain insight about how architects envision and design modern structures, and collaborate with aspiring architects to sketch your ideal home! Offered by School of Architecture and Community Design.

**Bulls Run the World (Middle/High School)** Have you ever thought about changing the world? Come learn about how to be an engaged citizen to create positive change within your communities. We will provide an interactive lesson on how to create a service opportunity and how to lead others in making change as well. Offered by Center for Leadership and Civic Engagement.

**Careers in Fine Art Printmaking (All Ages)** Printmaking is the art of creating editions of artworks on paper that has been around for centuries. Graphicstudio uses a combination of traditional techniques and cutting-edge technologies to make prints with leading artists who have been invited to work at the studio. Watch a printmaking demonstration and learn about careers in fine arts printmaking including printing, curating, sales and marketing. Offered by USF Graphicstudio.

**Discover the World of Nursing (Middle/High School)** Experiential learning about the nursing profession with hands-on nursing experiences. Try out important nursing skills, such as taking vitals and checking blood pressure in the college’s nursing simulation laboratory, working with simulated “dummy” patients. Visit four stations and talk face-to-face with nursing professionals, professors, & students. Offered by College of Nursing.

**Games Children Play (Middle/High School)** Interested in teaching and early childhood education? Observe a preschool classroom and interact with the children. Offered by the USF Preschool for Creative Learning.

**Hunting Tech (Elementary/Middle School)** Learn how hunting technology changed over time for Native Americans in pre-contact Florida through their innovation and inventions, and how archaeologists study these changes. Get an introduction to archaeology and a chance to try a prehistoric hunting tool, the atlatl, for yourself! Offered by Anthropology.
In Case of Fire... (Elementary, Middle) Do you know how to use a fire extinguisher? How do HazMat workers handle hazardous chemicals safely? Participate in hands-on activities as you put out a real fire, handle “hazardous” chemicals safely and pull a fire alarm. Learn about careers in health and safety. Offered by Environmental Health and Safety.

International Career Passport: INTO USF (Middle/High School) Take a journey using your International Career Passport: INTO USF to learn about four international careers – English Language Instructor, International Recruiter, Academic Advisor and Student Services Coordinator. INTO USF offers programs in the English Language and Pathway Programs that prepare international students for university study and provides a supportive learning environment where students can succeed in achieving their academic, professional and personal goals. Offered by INTO USF.

Tour a Radio Station to See and Hear How the News Gets Made (All Ages) Visit WUSF Public Media to see NPR news and programming in action with two 24-hour radio stations, digital media and video production services. Possible stops on your tour include the video production studio, radio broadcasting booths, the newsroom, and computer networking department. Learn how our staff provides news, information, and music to residents across Tampa Bay and the world. Offered by WUSF Public Media.

Tour the USF Police Station (All Ages) Come learn about the many different types of careers in law enforcement! See how police enforce the law and provide a safe place to learn at USF. A tour of the Police Station will include a visit to the 911 Call Center and the Criminal Investigation Division. View crime scene equipment and the interview room. Offered by USF Police.

Available Options Workshop Two – 10:45-11:30

Amazing Task Master: Fun “To-Do” Lists (Middle/High School) There are so many things to do! Discover the power of using a task board to stay organized. A task board lets you visualize your progress and your accomplishments. It can be electronic or physical, but either one provides a huge sense of accomplishment! Take your “To Do” list one step further by planning out and completing a fun project to make a decorative item for your room. Offered by Information Technology.

Big Data, Big Business (Middle/High School) Love to spend time on Facebook, Instagram, Twitter or Snapchat? Can you build a career around it? Yes! Social media is a rich source of Big Data. Learn what it is, how it is collected and analyzed, and why it is crucial in the global marketplace. Offered by Muma College of Business.

Champions Circle (All Ages) Meet a USF Athletics Coach who will talk about training hundreds of college athletes to success. Get the inside scoop on how USF Bulls teams get stronger, faster and ready to win a championship!

Curtain Call (All Ages) Step onstage to see where the magic happens. Learn about stage lighting and special effects from a theatre professional. Offered by School of Theatre and Dance.

Smart Surfing – Cybersecurity on the Internet (Middle/High School) The internet has a lot to offer and can be a lot of fun...but, it can also be dangerous. Learn from the IT Security Operations group how to stay safe on the internet and see real life hacking demos as performed by actual Security Engineers. Offered by Information Technology.

Explore Your Possible Futures! (All Ages) "What do you want to be when you grow up? What would be an ideal job for you?" Discover what you can do NOW that will help you learn about yourself. This workshop will focus on how to explore your possible future. Offered by Career Services.
Know the Skin You’re In (Middle/High School) Get to know the largest organ in your body – your skin. Learn about the anatomy of our skin and how it protects us from disease. Skin infections can become serious problems and may even require surgical incision and drainage. Join Physician Assistants from USF Health in learning about the skin and you will be able to perform your own incision and drainage on a simulated skin abscess.

Archaeology Works: Pottery Lab (Elementary/Middle School) Pottery was a vital part of life in Florida for Native peoples for the past 3,000 years, but it is also an important clue for archaeologists today. Learn about different Native American pottery from around Florida and the ways archaeologists use that pottery to learn about people in the past. Participants even get to make their own clay pot to take home with them! Offered by Anthropology.

Spirit Animal Olympics (Elementary) Run wild at Take Our Daughters & Sons to Work Day! We will play fun games to help find and become your inner career spirit animal and create your favorite animal mask. Learn more about the USF Bull spirit, and compete for a gold medal using an interactive computer program called U Zoo. Offered by the Office of Academic Advocacy.

How to Register

Visit our online registration site to register and select your workshops.

Please choose your first, second and third choice for Workshop 1, then make your selections for Workshop 2.

After making your workshop selections and completing the form, add additional children one at a time, if needed.

Fee of $6.00 per child will be collected via credit or debit card during registration.

* Children will only be released to the person listed on the registration site as the designated pick up person. This designated person must bring a photo ID when picking up the child(ren).
