The Florida Board of Governors (BOG) Regulation 8.015 Academic Program-review -2007-2014 instructs State universities to review all individual academic degree programs by CIP at least once every seven years. Exceptions to this may be negotiated to align with specialized accreditation cycles. The program-review processes must emphasize the assessment of student learning outcomes and continuous program improvement. The results of program-reviews are expected to inform strategic planning, program development, and budgeting decisions at the university level and, when appropriate, at the state level. More information is available at http://www.flbog.edu/about/cod/asa/apra.php.

The following academic programs are scheduled for program-review at USF during the 2014-2015 year.
