

## CAMP

Dear Camp U staff, volunteers, counselors,

Thank you so much for making my Camp U experience so wonderful and amazing. When I first came here I wasn't that excited because this would signify how close I was to actually leaving home. This quickly changed though. This camp reminded me of why I chose to come to USF and not UF, FSU or USF. It is my home away from home. Everyone had great energy and encouraged me to do everything that I wanted to do. I'm so surprised with this camp and would strongly recommend that each freshman attend. Hopefully in the future you guys can expand to include more students. I feel like this camp has helped me grow as a person and I have become more confident in myself.

I want to thank everyone who played a part in my wonderful experience because I know that you guys put in a ton of effort! Also I

want to thank the kitchen staff for their wonderful meals that we got to eat. They were all fantastic especially the pasta and the brownie that I had on the second day.

Everyone had an impact on my overall experience and when I look back I will remember this event as the kickstart to freshmen year. I will no longer be nervous about making friends due to the fact that Camp U made me feel as if I was part of a community, even though this is only day 2. I can't wait to begin living in the BSC for a full semester! Thanks once again for the great experience. I can say that it was life-changing and has encouraged me to get involved on campus.
