Instructor (with doctorate degree) Position for Management Courses (Job ID 9202)

The Information Systems and Decision Sciences (ISDS) department at the Muma College of Business at the University of South Florida (USF) is searching for an outstanding candidate to fill a faculty position in the area of Management at the rank of Instructor.

Candidates must at minimum have a doctorate degree in management or a related field from an AACSB accredited institution or equivalent and must provide evidence of meeting AACSB faculty qualification requirements. Candidates who will successfully complete all requirements for the doctorate degree by July 1, 2016, including final dissertation defense, may also apply.

Preference will be given to candidates with strong industry experience related to project management and general management, possessing a track record or a willingness to undertake activities in support of student success initiatives, have a track record or interest in research related to management, who can teach in the project management and/or international management areas and/or have academic experience in program administration.

The ISDS department at the Muma College of Business includes faculty members who engage in fundamental research in management, information systems and analytics, collaborate in interdisciplinary research programs, and publish in the leading journals in management, information systems and analytics. The department serves a wide variety of undergraduate and graduate programs at the college and university levels including the BS in Business Administration with major and minors in Management & MIS, MS in Management, MS in MIS, MS in Cybersecurity, MBA, executive MBA, PhD and DBA.

More information can be found at http://www.usf.edu/business/departments/isds/index.aspx.

The University of South Florida is a high-impact, global research university located in beautiful Tampa Bay on Florida's spectacular west coast. It is one of the largest public universities in the nation, and among the top 50 universities, public or private, for federal research expenditures. The university is classified by the Carnegie Foundation for the Advancement of Teaching in the top tier of research universities, a distinction attained by only few universities.

USF’s main campus is located in northeast Tampa. The concentration of high technology companies and shared services centers in this region affords many contacts and consulting opportunities. With mild weather and ample recreational opportunities, the Tampa Bay area is consistently ranked as one of the most attractive places to live in the United States. The USF website can be accessed at http://www.usf.edu.

USF is an Equal Opportunity Institution. Application review will begin February 2016, and will continue on a rolling basis until hiring decisions are made. Candidates are encouraged to apply early to ensure full consideration.

How to Apply:
Applicants must apply for the position through USF’s on-line employment application system “Careers at USF”. This can be accessed from http://www.usf.edu/administrative-services/human-resources/careers/index.aspx
Click on “Search Jobs” – “Advanced Search” and use Job ID 9202. You can also search for keyword “ISDS” from which you can get to Job ID 9202.

Please upload a cover letter, names of three references and curriculum vitae.
