

Enterprise Mobility – New booking Portal

USF Travel Community:

We wanted to inform you that Enterprise Holdings has recently updated their portfolio of offerings under a new corporate brand Enterprise Mobility.

This change does not impact USF's participation in the E&I Cooperative Services rental car program with Enterprise/National. You can continue booking vehicles through Enterprise and National as a secondary alternative when the State of Florida contract with Avis Budget Group cannot meet business needs.

The only change you need to be aware of is a new updated online booking portal for USF users:

<https://partners.rentalcar.com/usf-business>

This link is effective immediately and has been updated on the [Travel webpage](#)
