

## SINGLE SOURCE CERTIFICATION

Authority is requested to make the following purchase under the provision of USF System Regulation USF4.02010(IV)(A)(2)(b) as a non-competitive purchase available from only one source. By submitting this form, department acknowledges that existing [exemptions](#) will not apply to this purchase. Single source requests exceeding \$75,000 must be signed by a Procurement Director and posted publicly for (3) business days.

DATE: 8/30/2023

ITEM(S): CPT Temporary Boilers

PRICE: \$ 828,966

FUND #: 03904

SUPPLIER ID: \_\_\_\_\_

REQUISITION#: \_\_\_\_\_

SUPPLIER NAME: Siemens Industry, Inc.4

FEDERAL GRANT:  Y  N

**In your words, describe the equipment, commodity, or contractual service. Explain how these specifications are essential to the accomplishment of your work:**

Temporary boilers, and associated heating equipment, are required to support the heating demand for Tampa campus while the Central Plant undergoes a complete upgrade. This total package of heating equipment is sized to provide enough capacity to meet the campus' needs and provides redundancy.

**In your own words, describe the reason(s) the item is not subject to competition from other sources and how the stated specification(s) restrict the requisition to only one supplier. Description may include unique features/compatibility/specifications/availability/delivery time frame etc. (Note: Price is not a valid reason).**

Siemens Industry, Inc. is contracted to complete the upgrade to the Tampa Central Plant. It is necessary to also use the temporary heating equipment they've sourced to maintain project timelines for the upgrade project. Any further delays negatively affects the loan repayment for the project funding.

**In your own words, describe the due diligence conducted to validate this supplier as Single Source. Description SHOULD list all other suppliers with item(s)/service(s) with similar functions, your efforts to identify other suppliers, and why these suppliers would not qualify to submit a competitive quote.**

Siemens made multiple inquiries for temporary boilers and associated equipment. They found one supplier who was able to meet our requirements for capacity and redundancy and fit into the project schedule.
