WELCOME TO THE USF COLLEGE OF EDUCATION!

ABOUT THIS GUIDE

Congratulations on taking the first step towards a rewarding career by enrolling in the USF College of Education! Through high-quality education and excellence in research, teaching and learning, the College of Education strives to provide the resources our students need to be world-class educators and leaders.

The College of Education awards more than \$400,000 in scholarships to students across all three campuses each year through private funding. With this funding, we are able to provide students the opportunity to finance their education and leave USF with not only a promising career in education, but also with as little student debt as possible.

This guide was created to share with you about the private donor scholarships, grants, national scholarships and fellowship opportunities that are available and to assist you with the application process via the university's scholarship database and application system.

SCHOLARSHIP ELIGIBILITY

To qualify for a scholarship from the USF College of Education, students must:

- Be fully admitted to USF and the College of Education for each semester the scholarship will be dispersed.
- Meet minimum qualifications regarding GPA and part or full-time enrollment at USF. These vary by scholarship type and are noted in the university scholarship database system.

MAJOR RELATED CRITERIA

Any scholarship criteria that mentions enrollment in a specific major as a condition for eligibility requires that students be admitted to that major to qualify. Intended majors are not considered.

FINANCIAL NEED REQUIREMENTS

Some scholarships require that students have demonstrated financial need at the time the scholarship is awarded. The Free Application for Federal Student Aid (FAFSA) must be completed and on file with University Scholarships & Financial Aid Services by the required deadlines for each academic year. If you need to fill out a FAFSA, please log in at <http://www.fafsa.ed.gov/>. You must do this before your scholarship eligibility can be determined.

HOW TO APPLY

You can apply for USF scholarships using **AwardSpring**, an online scholarship database that houses scholarships from the USF College of Education.

By completing a questionnaire, you will see a list of scholarships you may qualify for based on your responses. After you submit your initial application, we encourage you to check periodically to see if any additional scholarships become available to you.

For information and access to AwardSpring, visit the University Scholarships & Financial Aid Services website at the following link: www.usf.edu/financial-aid/scholarships/
Please note: You must activate your USF NetID and email in order to login to the scholarship application and begin applying for scholarships.
