# INTERNATIONAL EDUCATION MONTH (IEM)

International Education Month is the University of South Florida's version of [International Education Week](#), which is a joint initiative between the U.S. Department of Education and U.S. Department of State. Each year, USF World hosts a full month of events - instead of just one week - to recognize the university's global connections across its campuses, colleges, and departments. International Education Month (IEM) 2022 will take place during the month of November.
