1. PROJECT INFORMATION: Enter the project number and project name as it appears in the public announcement for professional services in the Florida Administrative Register (FAR).
2. APPLICANT IDENTIFICATION: Enter the legal name of the Applicant, the address, telephone number and other requested information. If the applying firm has multiple office locations, the applicant is considered to be only the office location where the work is to be done, and whose address is provided in this section, and shall be hereafter referred to as Applicant. 3. SERVICES TO BE PROVIDED: For the disciplines listed, note which are being provided as part of Basic Services by entering the name of the firm providing the services. If services are to be provided by the Applicant, so indicate. If a consultant is to provide the service, list the consultant's name and professional license number from the appropriate Florida Licensing Board in the space provided. Use names and license numbers of the firms as a whole, rather than of individuals in the firms. Provide a consultants' current professional license(s) numbers and enter the number of previous projects on which the Applicant has worked with each listed consultant.

4a. WORK IN PROGRESS (Fees Remaining): Sum all remaining fees for all projects currently under contract, including contracts as a consultant to another firm. If the Applicant office is providing services for a contract held by another office location of the same firm, include a representative proportion of fee based on man-hour records.

b. For projects under contract, but on hold for a long or indefinite period of time, enter the amount of fee remaining as described above in the On Hold column, and provide a letter from the Owner verifying that the project is on hold. Typically projects on hold due to funding issues or projects simply awaiting approvals to proceed into the next phase are not considered to be on hold. If a letter from the Owner is not provided, that project will be considered to be active, and will be factored into the total Work in Progress amount. Also include projects awarded to the Applicant firm, but not yet under contract in this column with an estimated fee amount.

4b. PROFESSIONAL AND TECHNICAL STAFF, excluding consultants: Provide the number of permanent staff (FTE: Full Time Equivalent) in each category, and calculate the total. If an employee works part-time, or divides his/her work between the Applicant office and another office location, use an appropriate fraction. Provide the name, title, and length of time with firm, and city of residence for each individual included in the Total Professional and Technical Staff on an attachment in the format provided.

4c. FEE PER PERSON: Conduct the required calculation.

Do not include work done as a consultant to another firm. Calculations are made depending on the date the contract was signed. Include only projects performed for the USF. Volume of USF work should include all USF work regardless of the contract entity at the USF or funding source, i.e., the USF Direct Service Organizations (DSO).

a. From July 1 to current date: 100 % of the fee
b. First year past (July 1 - June 30): 80 % of the fee
c. Second year past (July 1 - June 30): 60 % of the fee
d. Third year past (July 1 - June 30): 40 % of the fee

5b. UNIVERSITY OF SOUTH FLORIDA FEE PER PERSON: Conduct the required calculation.
