BULL RUNNER ENHANCEMENTS SPRING 2020

12/18/2019

Effective Thursday, January 2, 2020, Bull Runner Routes A and E will be adjusted in order to reduce wait time between stops and provide increased service to riders. This improvement will relocate some of the current Route A and E stops.

The new Route A will provide a direct connection between the Juniper-Poplar Residence Hall (JPH), and the USF Library (LIB) as well as JPH and the Marshall Student center (MSC). It will also provide increased service to the north of campus on 42nd Street, Skipper Road, and 46th Street.

The new Route E will connect the resident housing units on the eastside of campus, located within the Holly Apartments and the Greek Housing Village, to the Marshall Student Center (MSC) and Publix. Route E will also connect Park-n-Ride lot 18, located along USF Sycamore Drive, to the MSC.

USF's parking garages, especially Beard Garage and Laurel Garage, typically have parking available and offer regular, convenient Bull Runner service to stops across campus. Lots 18B and 18T, located off Sycamore Drive, also have parking available and serve as good options for those who typically park in the Yuengling Center lots. Additionally, after 5:30 pm and on weekends, cars with valid USF parking permits with the exception of Park-N-Ride permits may park out of their designated areas, excluding Resident and Reserved parking spaces.
