

# CARLA FISHER

## *MOTHERS, DAUGHTERS, AND BREAST CANCER: FOSTERING HEALTHY COMMUNICATION TO COPE AND NAVIGATE RISK TOGETHER*

**THURSDAY, MARCH 7<sup>TH</sup>, 2019**  
**2:00 – 3:15 PM, CIS 3064**

Using a life-span developmental lens, Dr. Carla Fisher examines the importance of family communication to health in the family environment and clinical setting. She conducts translational narrative-focused, mixed-method research with multi-method qualitative designs and collaborates with diverse health practitioners and medical institutions to translate her research to practice.

Fisher has received international and national awards for her research on mother-daughter communication, breast cancer risk, coping, and prevention, in which she has collaborated with global leaders like Mayo Clinic and Memorial Sloan-Kettering.

Dr. Fisher will also be available to talk with interested faculty and students from 3:30 to 4:30 PM in CIS 3057.

**Presented by:**

**USF Department of Communication  
&  
USF Zimmerman School of Advertising  
and Mass Communications**

**CARLA L. FISHER, PH.D.**
