Diversity in Today’s Theatre

The theatre has been a force for social change and justice for centuries. Audiences have been known to riot in response to new plays.

This class will look at how contemporary plays challenge normative understandings of gender, sexuality, race, class, etc.

- We will study acclaimed provocative works, by both reading scripts and viewing productions.
- We’ll take advantage of the vibrant professional theatre scene in Sarasota, especially the Asolo Theatre just down the street.
- We’ll hear from professionals working in the theatre now.

This course is designed as a literature elective welcoming all majors!
