

## **Opportunities for undergraduate and graduate students from underserved populations**

<https://bold.org/scholarships/>

You can filter the scholarship opportunities on this page to undergraduate or graduate and choose STEM as a category.

<https://www.aera.net/Professional-Opportunities-Funding/AERA-Funding-Opportunities/Minority-Dissertation-Fellowship-Program>

This is the page for a previous proposal deadline for the Minority Dissertation Fellowship Program in Education Research, but it may become available again in the fall

<http://hennarot.forest.usf.edu/main/depts/geosci/grad/nitroSSTEM/>

This program provides graduate school scholarships for students with demonstrated financial need, for which many members of underrepresented communities would qualify for. The first step is for interested students to apply to graduate school. In addition to providing scholarships, the program is building a supportive cohort community.
