02/23/10-Present      Clinical Psychology License for State of Missouri  
Number 2010006121

**EDUCATION:**

09/2009-08/2010	<b>POST-DOCTORAL RESIDENCY</b>	Kansas City, Missouri
	Missouri Department of Mental Health Center for Behavioral Medicine Department of Forensic Services	
09/2008-08/2009	<b>PRE-DOCTORAL INTERNSHIP</b>	Indianapolis, Indiana
	Indiana University School of Medicine APA Accredited Department of Psychiatry Section of Psychology	
08/2006-08/2009	<b>DOCTOR OF PHILOSOPHY DEGREE</b>	Kent, Ohio
	Kent State University APA Accredited Program in Clinical Psychology Area of Concentration: Assessment Advisor: John R. Graham Co-advisor: Yossef S. Ben-Porath	
08/2003-08/2006	<b>MASTER OF ARTS DEGREE</b>	Kent, Ohio
	Kent State University APA Accredited Program in Clinical Psychology Area of Concentration: Assessment Advisor: John R. Graham Co-advisor: Yossef S. Ben-Porath	
08/1998-05/2003	<b>BACHELOR OF SCIENCE DEGREE</b>	Muncie, Indiana
	Ball State University Major/Minor: Psychology/Counseling Psychology	

**EXPERIENCE:****Clinical:**

11/2010-Present

**STAFF PSYCHOLOGIST**

Tampa, Florida

James A Haley Veterans' Hospital

Inpatient Psychologist\* (11/2010 – 6/2013)

Suicide Prevention Team (SPT) Psychologist (11/2010 – present)

- \*Conducted comprehensive psychological evaluations and provided individual therapy for patients on the inpatient psychiatric unit, in consultant role to attending psychiatrists.
- Provide intensive outpatient individual therapy for veterans in crisis and/or at high risk for suicide using evidence based psychotherapies (e.g., BCBT-SP); complete electronic consults daily, related to the care and assessment of high risk veterans.
- Serve as a clinical consultant for clinicians, research teams, and administrative staff working with high risk veterans; member of *SPT Crisis Intervention Group* via Microsoft Teams and/or email (est. during COVID-19 pandemic), responsible for assisting providers and staff involved in Veterans in acute crisis (e.g., initiating welfare checks, guiding provider through risk assessment or safety planning discussions).
- Design and implement scientific research studies related to suicide and suicide prevention in military veterans; prepare findings for publication in relevant peer-reviewed journals, and present findings on site and at professional conferences.
- Provide interdisciplinary staff trainings (e.g., Lethal Means Safety Counseling for all MH clinics; Suicide Risk Screens; annual Grand Rounds presentations) and participate in community outreach events related to suicide prevention with military veterans.
- Suicide Prevention Team administrative duties include activation, continuation, and inactivation of the high risk patient record flag (PRF); coordination of interfacility PRF transfers; facilitation of weekly flag review meetings to discuss current high-risk veterans' status and need for ongoing monitoring; development and revision of hospital policies/service level agreements related to the care and management of high risk veterans.
- Primary investigating clinician for Behavioral Health Autopsy Program (BHAP).
- REACH VET backup coordinator
- Instruct, supervise, evaluate pre-doctoral psychology interns on Suicide Prevention Psychology Rotation; provide formal mentorship for psychology interns and post-doctoral residents.
- Coordinate Psychology Internship Assessment Seminar, including instructor for select didactic lectures (e.g., 8-week MMPI-2-RF series; Ethics in Psychological Assessment)
- *Suicide Risk Identification Strategy Facility Champion* (2018-present): serve as facility point of contact for Suicide Risk ID Strategy, a VHA-wide initiative mandating suicide risk screens for Veterans receiving care across the VA system. Responsibilities include formation and lead of hospital workgroup established to aid in facility implementation and performance improvement efforts; coordinate/conduct periodic Suicide Risk ID trainings throughout hospital; participate in weekly Risk ID technical support calls; track weekly/monthly/quarterly facility performance and present data to MH and hospital staff and leadership regularly. Provide individual and clinic-level education following Risk ID fallouts. Developed Suicide Risk ID Service Level Agreement (SLA; 2020).
- Committee Memberships: Psychology Internship Training Committee (subcommittees: Mentorship Program; Internship Applicant Selections; Comprehensive Assessment Subcommittee); University of South Florida Institutional Review Board (IRB; 2012-present); Tampa Suicide Prevention Team; MHBS Diversity & Inclusion Committee (subcommittee: Diversity & Inclusion Training and Consultation; Suicide Prevention Team D&I Ambassador).

09/01/09-08/31/10 **POSTDOCTORAL RESIDENT IN FORENSIC PSYCHOLOGY** Kansas City, Missouri

Missouri Department of Mental Health  
Center for Behavioral Medicine  
Department of Forensic Services

- Provided clinical evaluation services to adult pretrial detainees for the State of Missouri Department of Mental Health.
- Performed court ordered evaluations to determine issues related to competency to stand trial, criminal responsibility, diminished capacity, risk/dangerousness, and need for guardianship/conservatorship.
- Provided expert testimony in court.
- Supervised clinical psychology interns and medical students on forensic examinations.
- Conducted seminar presentations on personality assessment, competency assessment, and criminal responsibility assessment for psychiatry residents.
- Supervised by Steven Mandracchia, Ph.D. and Stephen Jackson, Ph.D.

09/01/08-08/31/09 **PREDOCTORAL PSYCHOLOGY INTERN** Indianapolis, Indiana

APA Accredited Psychology Internship Program  
Indiana University School of Medicine  
Department of Psychiatry, Section of Psychology

**Inpatient Rotation – Larue D. Carter Memorial Hospital – Youth Services**

- Four-month rotation on three psychiatric inpatient units for seriously disturbed children and adolescents, ranging in age from six to 19 years old. Average length of stay is six months, with primary diagnoses including severe disruptive behavior and mood disorders.
- Participated in treatment planning within a multidisciplinary framework.
- Provided individual, milieu, and group psychotherapy.
- Conducted comprehensive intake evaluations for new admissions, using intellectual, achievement, and objective/projective personality assessment instruments.
- Consultation with other professionals, medical students, and psychiatry residents.
- Supervised by John Spanke, Ph.D.

**Outpatient Rotation – Richard L. Roudebush Veterans' Affairs Medical Center**

- Four-month rotation in a large urban Department of Veterans' Affairs Medical Center; primary presenting problems included PTSD, military sexual trauma, chronic pain, medical noncompliance, mood disorders, and substance related disorders.
- Provided individual and group psychotherapy (e.g., CPT for PTSD; CBT Group for depression; Seeking Safety for dual diagnosis; Women's Trauma Group).
- Conducted psychological assessments using projective and objective personality measures for intake/treatment related questions. Observed Compensation and Pension examinations, conducted by licensed clinical psychologist
- Supervised by David Tarr, Ph.D. & Carol Wright-Buckley, Ph.D.

**Inpatient Rotation – Larue D. Carter Memorial Hospital – Adult Services**

- Four-month rotation in state psychiatric inpatient facility, housing both civilly and criminally committed individuals with an average length of stay of nine months. Primary diagnoses/presenting problems included schizophrenia spectrum and severe mood disorders, personality disorders, suicidal and/or violent behaviors, mental retardation, substance abuse disorders, and a variety of medical conditions.
- Participated in treatment planning within a multidisciplinary framework.
- Provided individual, milieu, and group psychotherapy.
- Conducted comprehensive intake evaluations for new admissions, using intellectual, achievement, and objective/projective personality assessment instruments.
- Consulted with other professionals and medical students/psychiatry residents.
- Supervised by Sarah Landsberger, Ph.D.

**Forensic Rotation**

- Eight-month minor rotation (one day per week) at various county jails in Indianapolis, Indiana.
- Observed and conducted competency/sanity evaluations.
- Observed expert testimony in mental health court.
- Reviewed/discussed case law.
- Supervised by Stephanie Callaway, Psy.D.

**Research:**

01/2011-Present	<b>PRINCIPLE/CO- INVESTIGATOR</b>	Tampa, Florida
	James A Haley Veterans' Hospital	
	<ul style="list-style-type: none"> <li>• <u>Completed projects:</u> <i>Assessing suicidal ideation and behavior in US Military Veterans: An exploration using the MMPI-2 RF scales; Thought vs. Action: Differences between suicide ideators and suicide attempters in a US military Veteran population; Using the MMPI-2 RF to explore relationships between pain, psychopathology, and suicide in a Veteran psychiatric sample; Exploring suicide risk factors in a Veteran chronic pain sample; Gender and racial differences on MMPI-2-RF in a chronic pain sample; Mental health utilization among OEF/OIF veterans at risk for suicide; Suicidal Ideation in Veterans living with cancer.</i></li> <li>• <u>Ongoing projects:</u> Large-scale review of clinical outcomes for Veterans followed by VA Suicide Prevention Team; Evaluation of outcomes related to weekly support call protocol for high risk Veterans during COVID-19 pandemic; Evaluation for culturally-competent care of gender and sexual minority high risk Veterans.</li> <li>• Archival data obtained from Minneapolis Veterans' Hospital (approved by JAH VA R&amp;D and USF IRB); local archival data obtained from the Inpatient Chronic Pain Program and from the Psychology Post-Deployment Clinic (both approved by JAH VA R&amp;D and USF IRB)</li> <li>• Data collection for James A Haley VA Suicide Prevention Team projects ongoing</li> <li>• Bivariate and multivariate analyses conducted using SPSS.</li> <li>• Findings presented locally and at professional conferences (May 2011; April 2012; December 2012; May 2013; August 2013; May 2014; May 2016; March/April/August 2017; April/November 2018; April/August/October 2019); manuscripts in progress, submitted/accepted.</li> </ul>	
2012-2015	<b>Co- INVESTIGATOR</b>	Tampa, Florida
	Multiple Sites, including VA Hospitals in Tampa, Louisville, Pittsburgh; Center of Excellence for Suicide Prevention	
	<ul style="list-style-type: none"> <li>• Primary Investigator: Kenneth Conner, Psy.D., M.P.H.</li> <li>• Funded by the National Center for Patient Safety through 2015</li> <li>• Aided in discussions surrounding IRB preparation, recruited participants for a project on VA provider experiences with Safety Planning; assisted in manuscript preparation.</li> <li>• Manuscript accepted for publication (2016)</li> </ul>	

- 09/2006-06/2009 **PRINCIPLE INVESTIGATOR – DOCTORAL DISSERTATION** Kent, Ohio
- Kent State University
- Title: *Examining personality and college student risk-taking: An exploration using the MMPI-2 PSY-5 Scales*
  - Recruited and ran undergraduate research participants on computerized and paper/pencil measures assessing personality and risk-taking behaviors.
  - Oversaw undergraduate research assistants in data/participant management.
  - Entered and analyzed data using correlation, multiple regression, factor analytic, and canonical correlation analyses on SPSS.
  - Findings presented at a professional conference (May 2009; March 2010). Additional manuscripts in preparation for publication.
  - Advisor/Chair: John R. Graham, Ph.D.
- 09/2005-05/2006 **PRINCIPLE INVESTIGATOR – INDEPENDENT STUDY** Kent, Ohio
- Kent State University
- Title: *Using the MMPI-A to explore differences between abused and non-abused adolescents*
  - Archival data collected from Childrens' Hospital and Juvenile Correctional Facility.
  - Correlation analyses conducted using SPSS.
  - Findings presented at a professional conference (May 2006).
  - Supervised by John R. Graham, Ph.D.
- 05/2005-05/2006 **PRINCIPLE INVESTIGATOR – MASTER'S THESIS** Kent, Ohio
- Kent State University
- Title: *Validation of the PSY-5 Scales and facet scales in a college outpatient sample*
  - Archival data collected from University Outpatient Psychological Clinic.
  - Correlational analyses conducted using SPSS.
  - Findings presented at a professional conference (May 2005).
  - Supervised by John R. Graham, Ph.D.
- 09/2004-05/2005 **GRADUATE RESEARCH ASSISTANT** Akron & Ravenna, Ohio
- Children's Hospital Medical Center (Akron, Ohio)  
Portage County Detention Center (Ravenna, Ohio)
- Reviewed records, completed structured record review forms, and entered data from Children's Hospital and Correctional Facility as part of inter-rater reliability analyses to facilitate ongoing studies using the MMPI-A.
  - Supervised by John R. Graham, Ph.D.
- 09/2003-05/2005 **GRADUATE RESEARCH ASSISTANT** Kent, Ohio
- Kent State University
- Implemented study procedures with undergraduate research participants on computerized version of the MMPI-2 and entered resultant data.
  - Reviewed literature and collected articles for latest edition of John R. Graham's *Assessing Personality and Psychopathology with the MMPI-2*.
  - Attended weekly lab meetings.
  - Read, reviewed, and discussed relevant journal articles.
  - Critiqued conference presentations and posters.
  - Discussed ongoing research projects and databases.
  - Supervised by John R. Graham, Ph.D. & Johnathan D. Forbey, Ph.D.
