

UNIVERSITY OF SOUTH FLORIDA

MASTER OF URBAN & REGIONAL PLANNING

Plan Your Future

Enjoy real-world learning

Participate in student-led projects and collaborate with local agencies and communities.

Network and collaborate with professionals

Our MURP program offers students opportunities to shadow planning professionals and explore a variety of career pathways.

A near 100% job placement rate for our graduates

Our strong relationship with our regions professional community allows our MURP alumni to find employment, within 1 year of graduating, in public and private planning organizations and firms.

Learn from knowledgeable professors

Our faculty specializes in an array of topic areas including: land use planning, environmental policy, transportation, geographic information systems (GIS), and more.

Gain experience through internships

We help our MURP students gain work experience by connecting them to various organizations in the region. Students have interned at Hillsborough County Metropolitan Planning Organization, Tindale Oliver, USF's Center for Urban Transportation Research, and Forward Pinellas, among others.
