USF UNIVERSITY OF SOUTH FLORIDA
COLLEGE OF ARTS & SCIENCES

Major Fact Sheet

Anthropology, B.A.

What will I be studying?

Anthropology is the study of people, of what makes us human. Anthropology is unique, even among the social sciences: It explores what it means to be human in all its dimensions. When we study anthropology, we learn how we fit in the global tapestry of cultures, ethnicities, and histories - by learning about others, we come to understand ourselves more fully.
