Travel Analytics Dataset  
Instructor – led Session –  
Learn to create your own  
reports

USF Travel Community:

There is a new Travel Analytics Dataset Instructor-led session scheduled for Tuesday, July 11, 9:00 am-12:00 pm. You can register [here](#) to attend. It is a comprehensive session on the self-service dataset, which covers the data found in the dataset, as well as a hands-on portion for you to create a report on your own in Power BI and work with the data in Excel.

To reap the full benefits of this training, you should have build access to the dataset.

Visit the [Bulls Data Hub Knowledge Center](#) to watch the welcome video, and navigate below on that page to enroll in the self-paced “Data Literacy Training” to allow you to be eligible to receive build access
