In your words, describe the equipment, commodity, or contractual service. Explain how these specifications are essential to the accomplishment of your work:

This device will help us conduct clinical research studies on pain. It always us to use comprehensive thermal, pressure, and vibratory quantitative sensory technology to help us measure sensory data. This is an essential part of one of our research studies we plan to run in the next few months.

In your own words, describe the reason(s) the item is not subject to competition from other sources and how the stated specification(s) restrict the requisition to only one supplier. Description may include unique features/compatibility/specifications/availability/delivery time frame etc. (Note: Price is not a valid reason).

This technology is extremely unique to this one company, and we can not find the exact same items through a different supplier. The equipment accurate and offers features other QST devices do not have.

In your own words, describe the due diligence conducted to validate this supplier as Single Source. Description SHOULD list all other suppliers with item(s)/service(s) with similar functions, your efforts to identify other suppliers, and why these suppliers would not qualify to submit a competitive quote.

We have already purchased items from this supplier, and need to keep the parts consistent in order to ensure proper data collection. This company's devices are the best for clinical pain use, and there is not a competitor out there that offers the same capabilities as the Medoc
