Confident. Confidential. Simple.

No matter where you are in your fast-moving day, manage and print confidential documents online. It’s easy with FedEx Office® Print Online Corporate. Print what you need, when and where you need it.

Upload and Print
Customized for your business, this online solution is available 24/7:
• Upload your file(s) and select finishing options, then preview before printing.
• Choose your FedEx Office print location and method of delivery.
• Save frequently used documents for fast and convenient reordering.

Access your Online Document Catalog
For the ultimate convenience and speed, order from a virtual storage room containing your most frequently used documents. You can:
• Order from your DocStore® Catalog and upload and print during the same transaction.
• Print closer to your point of need to eliminate unnecessary shipping or costly overruns.
• Create customizable templates with variable data fields you can quickly populate.
• Manage a library of approved images.

*FedEx Office account numbers are confidential and should only be communicated to FedEx Office account holders. Do not post this information online or make it generally available beyond what is required for your company to follow the instructions. The account numbers are to be used for company orders only and will be monitored for abuse.
Get More From Your Online Printing

Price Discounts
It’s automatic. With every FedEx Office Print Online Corporate order, your preferred pricing is included. In fact, dynamic pricing estimates let you see price changes as you choose printing and finishing options, so you always know your price in real time. For shipping, just enter your FedEx shipping account number.

Convenient Invoicing and Billing
Pay for your printing order through your FedEx Office Print Online Corporate site or when you pick it up at our more than 1,900 FedEx Office locations.

Security and Compliance
We take extraordinary measures to keep your documents and information secure. Disciplined business practices guard what’s yours and offer peace of mind, including:
• FedEx Office Print Online Corporate is a one-way application — each document sent is downloadable only at the specific production location you identify.
• Extended Validation (EV) certificates from VeriSign, the most trusted security mark on the web.

Quick-Turn Printing and Easy Pickup or Delivery
Most print orders are ready in less than 24 hours and can be picked up or delivered to you that day.

Nationwide Delivery
Order from your laptop or mobile device and pick up wherever it’s convenient. Or arrange delivery using our world-class logistics. With our nationwide print network of retail, digital and offset print production facilities, you can print closer to your point of need and see significant cost savings on delivery.

Print Quality and Expertise
We ensure the high quality of your print products by constantly monitoring our facilities and equipment. More than 12,000 digitally connected machines and more than 18,000 trained experts are working for you every day.

Sustainability
We understand your commitment to environmentally friendly and sustainable practices. You’ll find that approach integrated into our FedEx Office Business Solutions, too, from being a certified chain-of-custody producer by the Forest Stewardship Council to fuel-efficient jets and natural gas-powered trucks.
