# Unaudited Interim Financial Statements

# For the Quarter ended December 31, 2022

Records of the University of South Florida are subject to disclosure under the Florida Public Records law unless exempt by law. Documents made or received by a USF Foundation agent in connection with the transaction of business by the USF Foundation are confidential and exempt from F.S. 119 pursuant to F.S. 1004.28(5) and in accordance with the USF Foundation Policy on Confidentiality of USF Foundation Documents.

#### MAJOR BUSINESS INITIATIVES - FY 2023

- Several initiatives for the USF Foundation and the Division of University Advancement are underway to facilitate and grow the crucial
  impact of philanthropy for USF. The talent acquisition for these new initiatives and restructuring of resources will continue throughout
  fiscal year 2023. The formation of a Principal Gifts Team will produce transformative gift opportunities that will generate an expansion of
  resources over the long term for the University. The establishment of a Regional Fundraising Team will provide an enhanced regional
  presence aiding college and unit development teams with additional resources to increase overall engagement outside of the USF campus
  areas. In an effort to adapt to a rapidly changing donor base, the expansion of the Annual Giving Team to include a Digital Engagement
  Center of well-trained students will provide needed outreach to University supporters to share success stories and University news through
  text-to-give programs, social media platforms, etc.
- The Foundation's investment strategy is to maximize support to the University while not endangering the ability to maintain the original purchasing power of donor investments over the long term. The Foundation's Investment Committee guides this process by actively monitoring the performance of our asset allocation, prudently considering the risks associated with each asset class and taking action if necessary to enhance the growth of the endowment over the long-term. The goal is to grow the endowment through continued solid investment returns and gifts. In order to provide for a consistent, reliable stream of income to the University the Foundation Board annually establishes a spending policy from the endowment to help mitigate the impact of market volatility on University programs that depend on the income to operate. The spending policy employs a 5 year average market value in its calculation which helps suppress the risk of volatility. Further, the Board approved a 4% dividend for fiscal year 2023, consistent with prior years.
- The Foundation supports program activities of the University for USF faculty & staff, student scholarships, research initiatives, and capital projects according to donor restrictions. These expenses can be funded by current gifts estimated on the annual plan, existing balances in accounts from gifts and distributions received in prior years, or projected endowment distributions during the year of about \$25.8 million. With the assistance of the Foundation, spending from these sources is directed by the colleges and units designated by our donors as the beneficiaries of their gifts.

#### EXPLANATION OF MAJOR VARIANCES

#### Statement of Net Position

- Cash in the Foundation's checking account is managed based on a frequent evaluation of gifts received and funding requests to be paid. A higher than usual balance at December 31st was maintained in the checking account due to significant pending funding requests due to USF including for salaries and other facilities projects. The increase in current investments is related to several large gifts received during the quarter and maintained in the operating investment pool to support Athletics facilities and the operations of various academic programs.
- Contributions receivable is reflective of the changes for new pledges to support current operations and payments on those pledges. Overall the contributions receivable balance decreased from the prior year with the fulfilment of major gift commitments supporting Athletics facilities and academic programs. A large portion of the overall receivable balance shifted to current assets as large installments are scheduled to be received in the upcoming fiscal year for the Indoor Performance Facility and the Taneja College of Pharmacy.
- The change in the investments is due to the performance of the market netted with gifts, distributions for dividends and administrative fees. The estimated return for the second quarter is a gain of approximately 0.98% driven by positive portfolio performance of international and domestic equities offset by decreases in private equities and private real assets.
- The change in the balance of Due from USF is a result of a loan pay-off of approximately \$6 million by a USF DSO for the USF Health Morsani College of Medicine and Heart Institute. Amounts Due to USF have increased for pending salary and facility project transfers at December 31st that were disbursed in January.

The decrease in total net position relates to fluctuations experienced in the investment markets combined with new pledges, contributions
to the endowment and the accumulation of gifts and unspent earnings. Gains/losses on the endowment pool are recorded in expendable net
position and the decrease is a result of market fluctuations and spending policy distributions. The increase in nonexpendable endowment
corpus is reflective of new gifts and pledge payments made to endowments. The increase in unrestricted net position represents an
accumulation of administrative fees that have been appropriated for expenditure during fiscal year 2023.

#### Statement of Revenues, Expenses and Changes in Net Position

- During the current year, fundraising results include major gifts and pledges to support the Clean Energy Research Center Support Fund, Pediatric Clinic Expansion, STEM Scholarships and a large gift in kind was received supporting a student affairs public health initiative. In the prior year significant gifts of \$10 million to support the Fintech program and \$6.6 million to support the Athletics Indoor Performance Facility were received through the 2nd quarter of fiscal year 2022. Comparable gifts for the Athletics Indoor Performance Facility and academic programs were not received through the 2nd quarter of fiscal year 2023.
- Investment gains and losses are represented as operating revenues on the statement of revenues, expenses and changes in net position. This presentation is consistent with GASB standards as a primary function of the Foundation is the management and investment of charitable gifts made to benefit the university. The change in investment returns at December 31st impacts the fluctuation of investment income, realized/unrealized gains and losses. For FY23 the year-to-date gain was 0.98% and the prior year-to-date gain was 2% as of 12/31/2021.
- Program Service expenses in total were higher than the prior year-to-date amounts. Increases were a result of additional support sent to the university for faculty and staff salaries and need-based student scholarships. In addition, an increase in supplies were a result of transfers to the university for donated medical supplies associated with a student affairs public health initiative. The provision for doubtful accounts increased due to the restructuring of a commitment for university wide support.
- Fundraising and Operating costs were slightly higher overall when compared with the prior year-to-date amounts due to the various business initiatives related to the talent acquisition in University Advancement and preparations for the launch of the Digital Engagement Center in January 2023.
- The presentation of endowment contributions is consistent with GASB standards as a separate line item from contributions in operating revenues. Endowment contributions are recognized when payments are received rather than when pledged. Endowment contributions consist of outright gifts made to endowments, bequest or planned gift distributions to endowments and endowment pledge payments. The timing of endowment contributions payments may fluctuate based on the payment terms associated within the donors' pledge agreements.

#### Statement of Cash Flows

• Change in cash balance is due to the fluctuations in receipt of major gifts, dividend distributions and movement between the checking account, operating investment pool and the long-term endowment pool.

Records of the University of South Florida are subject to disclosure under the Florida Public Records law unless exempt by law. Documents made or received by a USF Foundation agent in connection with the transaction of business by the USF Foundation are confidential and exempt from F.S. 119 pursuant to F.S. 1004.28(5) and in accordance with the USF Foundation Policy on Confidentiality of USF Foundation Documents.

### University of South Florida Alumni Association, Inc. Executive Summary December 31, 2021

### **BALANCE SHEET**

<u>Prepaid Expenses</u>: The Association had a large balance in prepaid at the end of the prior year for mailing of the USF magazine. This mailing took place during the first quarter of 2022, lowering the balance.

<u>Accounts Payable and accrued expenses:</u> The Association had expenses accrued for at the end of the prior fiscal year that caused accounts payable to be higher then the end of the first quarter of the current year.

<u>Due from/to USF</u>: This amount represents the amount owed to the University for payroll services. The Association made a large transfer at the end of the current quarter, which changed the balance from a liability to asset.

### SUMMARY OF REVENUES AND EXPENSES

<u>Memberships</u>: The Association eliminated the annual membership program, and instead have been focusing on the life membership program. There was an outstanding response at the beginning of the transition period in the prior year. Revenue received currently is more in line with how we expect this program to respond in the future.

Budget support: Budget support provided by the University is higher in the current fiscal year.

<u>Sponsorships:</u> The Association has much higher the budgeted sponosrships in the current year, specifically for the Green and Gold Gala.

<u>Event expenses</u>: The Association's exent expenses, specifically catering, is higher in the current year then in prior.

#### CASH FLOW

There is no significant chance to cash between the two years.

FY 2023 QUARTER 2 REPORT - DECEMBER 31, 2022

### **EXECUTIVE SUMMARY**

### State the DSO's Statutory Mission which Supports the Goals of the University

• The Financing Corporation is the University's financing arm and is expected to provide low cost, low risk, long-term financing for the University's major capital projects.

### MAJOR BUSINESS INITIATIVES - FY 2023

- \$30 million USF Housing and Student Center Project to be located on the Sarasota-Manatee Campus:
  - The debt, along with a \$16.5 million cash contribution from the University, will finance the construction of a mixed-use facility comprising a 200-bed student housing component and a student center. Construction is expected to be completed in May of 2024.
  - On May 5, 2022, the Corporation Board approved the issuance of debt in an amount not to exceed \$30 million in the form of a 30-year, tax-exempt, fixed rate public bond. The project was approved by the University Board of Trustees on June 15, 2022, and by the Florida Board of Governors on September 14, 2022.
  - On October 31, 2022, the Financing Corporation issued \$30 million of debt at a tax-exempt interest rate of 4.85% on parity with the \$176 million "A1/A+" rated USF Housing System.
  - <sup>o</sup> The project Groundbreaking Ceremony is scheduled to take place on March 1, 2023.
  - Guaranteed maximum price negotiations with the design/build team of CORE Construction and Mackey Mitchell Architects are expected to be finalized March 3, 2023.
- The Corporation is closely monitoring risks to the project described above, specifically supply chain disruptions and cost inflation. The University funded an owner's contingency of over \$4 million to mitigate some of these risks.
- Protect USF's "AA" credit ratings. Formal presentations were made to Moody's, Standard & Poor's and Fitch in June 2022. Presentations emphasized USF's strengths in management and governance, market position and enrollment demand, operating performance, wealth and liquidity, and leverage.
  - ° Moody's and S&P reported in September 2022 that all USF credit ratings were Affirmed with Stable Outlooks.
- Direct oversight of DSOs and Auxiliaries with debt to ensure maintenance of pledged revenues, debt service coverage ratios and reserves.
  - Management is working closely with DSOs and Auxiliaries to ensure they are managing revenues and expenses to preserve essential liquidity and maintain required debt service payments.
  - On February 14, 2023 the USF Board of Trustees Finance Committee approved a five-year strategic housing rate increase for USF housing (average of 4.5% per annum). Full Board of Trustees approval is expected on March 7, 2023. The rate increases would be effective beginning in Fall 2023.
- Ongoing compliance with debt covenants including IRS rules on tax-exempt bonds and required reporting on EMMA.
  - Management is currently working closely with the University to ensure that the proposed Housing and Student Center Project described above will be in compliance with private use guidelines.

### EXPLANATION OF MAJOR VARIANCES FROM PRIOR YEAR - YTD

- <u>Balance Sheet: Total Assets</u> Total Assets increased by more than \$6 M primarily due an increase in Cash and Cash Equivalents related to the issuance of Housing Series 2022 debt, offset by the decrease in Security Pledged to Counterparty from the improvement in market interest rates during the fiscal year which resulted in no collateral requirement, and also the amortization of all Financing Receivables.
- <u>Balance Sheet: Liabilities</u> Total Liabilities decreased by nearly \$2 M primarily due to the improvement in the fair value of the interest rate swap, offset by an increase in long term debt from the issuance of Housing Series 2022 debt.
- <u>Income Statement: Revenues</u> Total Operating Revenues are down slightly (\$160,000) but are on par with last year as Operating Revenues are essentially covering Operating Expenses and debt service which will decline over time as debt is paid down in the absence of specific events driving variances. However, Revenues are on track to meet or exceed the FY 2023 Financial Plan revenue target.
- <u>Income Statement: Expenses</u> Total Operating Expenses increased slightly (\$62,000) primarily due to contractual CPI adjustments in expenses from the prior year.
- <u>Income Statement: Nonoperating Revenues (Expenses)</u> Nonoperating Expenses decreased by over \$1 M due to lower Interest Expense as a result of paying down debt and an increase in Interest Income from increased interest rates, offset by the conversion of Series 2013A&B bonds to taxable.
- <u>Income Statement: Operating Profit</u> The operating profit for the quarter is on track to meet the \$1.4 million in FY 2023 as approved in the Financial Plan. The Q2 operating profit margin of 17.5% exceeds the FY 2023 margin of 9.2%, reflecting improved operating performance.
- <u>Statement of Cash Flows</u> Total Cash and Investments are up \$25.8 M reflecting the receipt of funds with the issuance of new debt for the Sarasota-Manatee housing project described above, less Capital Expenditures on the Research Lab and Office Project. As of December 31, 2022, the liquidity measure of a strong 419 days cash on hand is considerably above the FY 2023 Financial Plan target of 394 days cash on hand at June 30, 2023.

FY 2023 QUARTER 2 REPORT - DECEMBER 31, 2022

### **EXECUTIVE SUMMARY**

### State the DSO's Statutory Mission which Supports the Goals of the University

• The University of South Florida Research Foundation was established to promote, encourage, and enhance the research activities of University of South Florida faculty, staff and students.

The Research Foundation owns and manages real property assets that include the USF Research Park and various buildings that are located within the Research Park. DSO revenue is generated primarily through long-term leases of facilities utilized by the University research enterprise and private sector entities seeking research relationships with the University.

The USF Innovation Enterprise, which encompasses the USF Research Park, Technology Transfer Office, and the USF Tampa Bay Technology Incubator, contributes to a robust innovation-based ecosystem to include community startups and corporate partnerships with the University.

As a DSO, the Research Foundation provides a mechanism for the funding of licensed research and development activities at the University. The Research Foundation provides broad and flexible financial mechanisms to administer private research contracts and grants, including corporate and private foundation-sponsored programs. We assist the University by working in cooperation with the University's Technology Transfer Office in the commercialization of University inventions including license agreements, and receipt and distribution of royalties related to intellectual property.

### **EXPLANATION OF MAJOR VARIANCES FROM BOT-APPROVED PLAN - FORECAST**

- Financial performance for the USF Research Park and Other Operating Expenses are currently tracking favorably to plan.
- As advised by the University, the FY23 Approved Plan included a cost allocation of \$3.99M to the Research Foundation for 100% of the USF Technology Transfer Office (TTO) expense budget that prior to FY22 had been supported by the University. This line item expense is reported on the Income Statement as "IP University Expense TTO Cost Allocation to DSO".

The TTO Cost Allocation expense is in addition to the IP expenses (principally royalty expenses) that are directly incurred by the Research Foundation for intellectual property transactions.

Through December 31, 2022 the FY23 year-to-date expense of \$1.75M for TTO cost allocation is tracking favorably to plan by \$247K.

• Variance in Investment Income from Approved Plan is due to lower market returns for the six month period ended December 31, 2022.

# USF Health Professions Conferencing Corporation EXECUTIVE SUMMARY

#### MAJOR BUSINESS INITIATIVES - FY 2023

- HPCC's business model was severely impacted due to the global COVID-19 crisis and the ongoing variants continue to slow the movement of participants to live events and supply chain delivery. In FY2023, HPCC is coordinating the rescheduling of any remaining programs affected by COVID19 and is experiencing excellent momentum continuing from the last six months of FY2022. CAMLS affirmative actions to proactively postpone many programs with long lead times, has strengthened relationships with external clients and as a result, is projected to return revenue and operating earnings for FY2023 to pre-COVID levels. FY2023 has a much more diversified client base and new virtual reality and live streaming capabilities compared to CAMLS pre-COVID client mix and offerings.
- HPCC and the CAMLS facility is continuing to provide flexible space and access to simulation learning and healthcare education to USF students, including Morsani College of Medicine Undergraduate Medical Education (UME), MCOM Anatomy Laboratory, Graduate Medical Education (GME), and Physician's Assistant (PA) students, College of Nursing Certified Registered Nurse Anesthetist (CRNA) students, College of Pharmacy students, and Muma College of Business students. HPCC provides these services at cost, inclusive of all PO&M funding received for CAMLS.
- CAMLS has successfully developed new relationships and acquired a rescue vehicle from Hillsborough County to deliver programming that occurs off-site ('CAMLS Without Walls'), which exports CAMLS' talent, tools, and resources to support our community and other Florida hospitals and healthcare systems where face to face lifesaving training is needed.
- CAMLS has developed new original simulation training content and recently conducted its first Mass Casualty Incident Training designed specifically to teach emergency department teams from small towns and rural communities how to respond to catastrophes.
- CAMLS is expanding research focused on simulation-based training and virtual/augmented reality to utilize CAMLS's unique expertise, assets and USF Health faculty to obtain external grants in partnership with small businesses and USF Health affiliates.
- HPCC continues to provide the financial management support for 16 healthcare accreditations held by USF Health (part of the Office of Continuing Professional Development (CPD)), as well as two institutional accreditations (Society for Simulation in Healthcare and the American College of Surgeons Accredited Education Institute). CPD has expanded its portfolio of online programming in partnership with medical education companies (MEC) and transitioned its business model to accreditation only services and away from management of live events.

#### EXPLANATION OF MAJOR VARIANCES FROM PRIOR YEAR

- 'Due from USF/DSO' decreased from 6/30/2022 as settlements between related parties were paid. 'Lease receivable' and 'Lease receivable, non-current', which are a result of GASB 87 implementation, also increased from 6/30/2022 with a new CAMLS tenant.
- 'Accounts payable' decreased \$784K and 'Deferred inflows related to grants' increased \$829K from 6/30/2022. The change in both line items was from the payment of grants to MECs and receipt of new grants for future programs with MECs, which the Office of Continuing Professional Development will accredit.
- Unearned revenue' increased \$544K as client bookings accelerated for the year ahead.
- Contracts & grants non USF', which includes MEC related grants, was down \$2,422K. MEC related grants were down \$2,684K year over year and similarly, 'Programming Services' were down \$2,550K year over year with payments to MECs decreasing \$2,695K year over year. 'Program registrations & exhibits' increased year over year as CAMLS increased its live event training and new tenants at CAMLS increase 'Rental revenue' year over year. The Contribution Margin Ratio increases since a larger portion of revenue was kept for HPCC operating expenses.
- Operating Loss improved 95% or a reduction of \$295K year over year due to increasing live event business at CAMLS, increasing rents and management of operating expenses.
- The 6 months ended December 31, 2022 'Decrease in Net Position' was (\$147K) compared to the Approved Plan of (\$219K) before 'Transfers from UMSA'. Hurricane Ian resulted in a few clients needing to postpone their events until the second half of FY2023. The first two quarters of the fiscal year are budgeted weaker than the second two quarters due to holidays and summer weather.
- Days cash on hand' has improved to 56 as contractual collections improve.

### Management Discussion & Analysis

# For the Month Ended December 31, 2022

For the month ended December 31, 2022, total operating revenue and expenses were \$272,748 and \$265,374 respectively, resulting in net operating profit of \$7,374. As represented in the monthly operating income statement, total event-related income of \$272,241 was mostly comprised of the Rod Wave, Men's and Women's Basketball and the RIPA Holiday Party events. Relative to the original budget, total event income was favorable by \$124,931. This was mainly attributable to the Rod Wave concert occuring when it was not initially budgeted.

Payroll and operating expenses for the month totaled \$265,374, which is unfavorable compared to the original budget by (\$123,467). The unfavorable variance was attributable to salaries and part time wages being significantly more than the expenses budgeted. Salaries and wages increased due to an increase in events staffing from USF Men's and Women's basketball, premium events, and concerts.

As of December 31, 2022, consolidated cash balance were \$3,191,762, resulting in an overall decrease in cash of (\$431,166) from the prior month. This increase in cash was due to the Rod Wave and Cirque Musica concert settlements. Additionally, the Jack Harlow event from October was finally settled and paid out.

### For the Six Months Ended December 31, 2022

For the six months ended December 31, 2022, total operating revenue and expenses were \$1,340,054 and \$823,955, respectively, resulting in net operating profit of \$516,100. As represented in the fiscal year-to-date income statement, total event income of \$1,188,332 was attributable to USF events \$270,835 (23% of total event income) and Non-USF events \$917,496 (77% of total event income). Total event revenue of \$1,173,708 exceeded event-related costs of \$1,171,943 by \$1,764 for a gross profit margin (before ancillary revenue) of 0%. Ancillary revenue streams realized during this time frame amounted to \$1,186,568, or 101% of the total event revenue (gross). This amount was comprised of TM Rebates \$519,417 (44%), Parking \$126,074 (11%), Concessions \$215,810 (18%), RMI \$221,229 (19%), Novelties \$67,414 (6%), and Suite/Loge \$36,623 (3%), effectively the fiscal year-to-date event gross profit margin was 50%. Relative to the original budget, total operating income is \$389,402 greater than budget.

For the six months ended December 31, 2022, total payroll and operating expenses were \$823,955, resulting in a positive variance to budget of \$20,419. These variances are primarily attributable to a function of the net effect of savings in utilities, software maintenance and licensing, contracted services and professional fees.

Since the inception of the fiscal year, Operating and event cash balances increased by \$100,314. The increase is attributable to the net effect of increase in prepaids (\$67,892), accrued liabilities (\$1,237,232), and accounts receivable (\$279,824) and decreases in deferred revenue (\$834,847) and accounts payable (73,258). It should be noted that as of December 31, 2022, the payable due to TBEP for the fiscal year is \$3,722,368. The TBEP payable consists of payroll, benefits, management/ shared service fees and staffing costs. Please note that this balance has started to get paid down.

## Forecast for the Fiscal Year Ending June 30, 2023:

For the fiscal year ending June 30, 2023, operating revenue and expenses are projected to be \$2,445,923 and \$1,677,416 respectively, resulting in net operating income before incentive fees/profit share of \$768,507. Compared to the original budget, operating revenue is projected to increase by \$866,639 while operating expenses are projected to decrease by \$59,555, for an overall projected Increase in net operating income before incentive fees/profit allocation expenses of \$926,193.
