INVESTED IN *You*

As a USF Muma College of Business student, you will experience more than top-ranked academic programs taught by world-class faculty. Regardless of your campus or major, you'll have access to business-exclusive programs to help you connect and grow.

Soft-skills certified. Hard skills can get you hired, but you'll need strong skills in communications, time management and building relationships to lead. USF's Bellini Center for Talent Development integrates employer-led workshops into your core business courses, so you will graduate with a certificate in these skills.

Professional advisors who know your name. You'll receive academic advising from experts who focus only on business students, providing guidance, support, and academic insight to achieve your goals. Advisors in the Collier Student Success Center works to help you graduate on time and make the most of your college experience to succeed after graduation. The Collier Center also coordinates a variety of undergraduate business programs, listed on the next page.

Business scholarships from a generous community. The USF Foundation awards more than \$1 million annually in donor-funded scholarships designated specifically for business students.

Find your people. Enjoy the advantages of a large university, while belonging to your own tight-knit community within the college through student organizations and special programs for business students.

- Freshmen starting in the fall become a part of the **Bulls Business Network** with early admission to the business college with special registration and advising opportunities. These students may also join one of our living-learning residence hall programs, the **Bulls Business Community** or the **Zimmerman Advertising Program**. All Zimmerman Advertising Program students study abroad and earn a master's degree with one additional year. Visit usf.to/bbn for additional details.
- Expand your horizons through **study abroad programs** exclusively for business students. You will learn how to communicate across global teams and discover how to work across continents. Passport scholarships help make these opportunities affordable for everyone.
- USF is home to the state's first and only **Business Honors Program**, affiliated with the Judy Genshaft Honors College, which blends rigorous coursework and research activities with special residential, service, international and applied learning activities. Participants live on either the St. Petersburg or Tampa campus for one year and must meet additional admission requirements upon entering as a freshman. Learn more at usf.to/bhp.
- **The Corporate Mentor Program**, based on the Tampa campus, pairs first-generation college students with a mentor who shares tips and guidance for a smooth transition from student to professional life. Students meet monthly with a management-level professional for first-hand insight into the corporate world, and become eligible for over \$100,000 in scholarships awarded each year. Visit usf.to/cmp for more information.

Academic Foundations

The business world is our classroom, and USF's undergraduate curriculum provides rich opportunities to bridge theory and practice. All students, regardless of major, complete 54 credit hours of study in the arts, humanities and sciences, which ensures that students gain a broad-based understanding of the global societal environment and develop critical thinking and communication skills. Students also complete 36 credit hours in core business courses.

Students then choose a business major from one of the following schools:

- **Baldwin Risk Partners School of Risk Management and Insurance:** risk management and insurance
- **Kate Tiedemann School of Business and Finance:** finance and personal financial planning
- **Lynn Pippenger School of Accountancy:** accountancy and analytics
- **School of Hospitality & Tourism Management:** hospitality management
- **School of Information Systems and Management:** artificial intelligence and analytics in business, information systems, information assurance and cybersecurity management, and management (human resources and project management)
- **School of Marketing and Innovation:** advertising, entrepreneurship and innovation, global business, marketing, and supply chain management

Depending upon the program, most major coursework requires 21-30 credit hours of specialized study. Muma College of Business requirements for graduation exceed the minimum requirements established by the university. Students must complete at least 50 percent (30-33 credit hours, depending on major) of required business courses and at least 15-18 credit hours in their major at USF.
