A degree in Risk Management and Insurance from the UNIVERSITY OF SOUTH FLORIDA
DETAIL-ORIENTED
A field focused on information, unsurprisingly, requires someone who pays attention. Risk management and insurance professionals are always on the lookout for ways to move forward, but also avoid setbacks.

PROBLEM-SOLVING
Professionals need curiosity to identify and analyze risks. They also need creativity in building solutions.

ORGANIZED
Graduates of this degree program will develop the skills they need to manage professionals. To keep their team on track of their goals, students in this major will need to practice being organized now to be prepared for their responsibilities later.
