#### Education

---

- 2019–Present **Ph.D. Candidate in Aging Studies**  
University of South Florida; Tampa, FL  
Advisor: Soomi Lee, Ph.D.
- 2017–2019 **B.A. in Psychology; Minor in Aging Studies** | *Summa cum Laude*  
California State University, Fullerton; Fullerton, CA  
Advisor: Laura Zettel-Watson, Ph.D.
- 2015–2017 **A.A. in Psychology and Social & Behavioral Sciences** | *Summa cum Laude* and  
with honors  
Pasadena City College; Pasadena, CA

#### Research Interests

---

Sleep and pain; middle-aged and older adults; policy issues to support at-risk workers and older adults; micro-longitudinal methods (e.g., daily diary, ecological momentary assessment, actigraphy); multilevel modeling and advanced statistical methods

#### Grant & Fellowship

---

- 2022–2024 **National Heart, Lung, and Blood Institute (F31 HL165898)**  
*Protecting healthcare workers' health and well-being: The joint effects of sleep and pain, and moderations by work characteristics*  
Total Award: \$83,839  
Role: Principal Investigator  
Study Team: Soomi Lee (sponsor), Ross Anandel, Christina McCrae, Brent Small, Katie Stone
- 2020–2022 **NIH/ National Institute on Aging (1R56AG065251 - 01A1)**  
*Sleep health profiles in middle-aged adults in relation to cardiovascular health*  
Total Award: \$412,264  
Principal Investigator: Soomi Lee, Ph.D.  
*Objective:* To uncover distinct sleep profiles in middle-aged adults and provide preliminary analysis relating the sleep profiles to cardiovascular health. We propose to use multidimensional sleep health profiles that measure “which” and “how many” sleep problems co-occur within individuals. Using data from the Midlife in the United States Study (MIDUS), the proposed study aims at examining the associations between sleep health profiles and cardiovascular health.  
*Responsibilities:* data management and analyses of data, assisted with manuscript

writing and revisions, collaborated with a multidisciplinary team of experts, supported grant resubmission efforts for two R01 projects

Pending

**National Heart, Lung, and Blood Institute (1R01HL163226-01A1)**

*Sleep, Pain, Active Social Life, and Inflammation (SPAI)*

Total Award: \$2,061,116

Principal Investigator: Soomi Lee, Ph.D.

*Responsibilities:* Assisted with preliminary steps of data harmonization, gathered data, and reviewed grant

Submitted

**National Institute of Aging (R01)**

*Role of Sleep Profiles in Cognitive Decline and ADRD: Considering Occupational and Cardiovascular Risks (CODE)*

Principal Investigator: Soomi Lee, Ph.D.

*Responsibilities:* Assisted with preliminary steps of data harmonization, gathered data, and reviewed grant

## Research Experiences

---

- 2019–Present     **Sleep, Stress, and Health (STEALTH) Lab**, Tampa, FL  
*Lab Manager*  
 Director: Dr. Soomi Lee, School of Aging Studies
- Assist in data management and analyses of complex data using SAS 9.4 (i.e., ecological momentary assessment and actigraphy)
  - Led participant recruitment meetings, shipped and handled actigraphy devices during the COVID-19 pandemic
  - Contributed to study design development; carried out study protocols and ethical practices
  - Supervised and oversaw 25+ undergraduate research assistants
  - Mentor undergraduate researchers in independent research, professional development, and graduate school applications
  - Funding support from: USF College of Behavioral and Community Sciences Grant Program (No. 18320) “Cancer center nurses’ sleep health and its association with work performance” (PI: Soomi Lee)
- 2017–2019     **Ronald E. McNair Postbaccalaureate Achievement Program**, Fullerton, CA  
 Director: Dr. Patricia LITERTE, Department of Sociology  
 Advisor: Dr. Laura Zettel-Watson, Department of Psychology  
 Title: “The impact of pain intensity and social support on cognitive functioning and quality of life in older adults with fibromyalgia”
- Submitted original research ideas to NSF GRFP and Ford Fellowships; received honorable mention for NSF GRFP
  - Completed thesis and presented findings at a regional and national conferences
- 2017–2019     **Fibromyalgia and Chronic Pain Center**, Fullerton, CA  
*Research Assistant*  
 Director: Jordan Aquino, MPH, Department of Public Health
- Administered and scored cognitive assessments given to older adults with and without fibromyalgia
  - Recruited and screened participants
  - Updated participants’ information using FileMaker Pro
- 2018–2019     **Fresh Air Advocates**, Fullerton, CA  
*Research Assistant*  
 Director: Pearl Bolter, MPA, Environmental Health and Safety
- Promoted a smoke, vape, and tobacco-free campus
  - Supervised and mentored undergraduate interns
  - Collected observational data, coded data, and analyzed data in SPSS
  - Organized campus-wide events
  - Presented at the 2019 California Youth Advocacy Network
- Summer 2018     **University of Arizona**, Tucson, AZ  
*Undergraduate Research Opportunities Consortium-Summer Research Institute (UROC-SRI), Research Assistant*  
 Advisor: Dr. Lee Ryan, Department of Psychology
- Assisted in the Cognition and Neuroimaging Laboratory

- Realigned fMRI images
- Scored and entered neurological battery responses into SPSS
- Called and screened participants for MRI study
- Analyzed data and completed research paper titled, "Predicting executive functions from physical, social, and mental activities in older adults over 50"
- Presented findings at regional and national conferences

Spring 2018

**Center for Research on Educational Access and Leadership**, Fullerton, CA  
*Research Assistant*

Director: Dr. Dawn Person, Department of Education

- Led the National Resource Center of Asian Languages Vietnamese dual-language immersion program evaluations
- Wrote and edited reports for multiple projects (e.g., Allied Health Academy, GEAR UP, Early Assessment Program)
- Data collection (e.g., organized data collection with local school sites, administered surveys, interviews, and focus groups)
- Transcribed interviews
- Submitted IRB proposals
- Recruited, interviewed, and lead orientations for Vietnamese translators
- Presented a professional development workshop to staff and Ed.D. students on how to create infographics
