

ABA

Applied Behavior Analysis

Position Announcement

About the ABA Program

The Applied Behavior Analysis program at USF is designed to meet growing needs in Florida and nationally for practitioners who can work effectively in the fields of developmental disabilities, autism, education, child protective services, child behavior disorders, rehabilitation, mental health, and business and technology. The program offers a Ph.D., on-campus master's, online master's, an undergraduate minor, and continuing education opportunities. More information is available at www.usf.edu/aba.

About the College

The College of Behavioral and Community Sciences prepares students, scholars, human service providers, policy makers, and other professionals to improve the quality of life, health, and safety of diverse populations and to promote positive change in individuals, groups, communities, organizations and systems. Through multidisciplinary teaching and research, service, and engagement with community partners, the College focuses on the rigorous development, dissemination/implementation, and analysis of innovative solutions to the complex challenges that affect the behavior and well-being of individuals, families, populations, and communities in which we live.

Instructor I

Online MA in ABA Program

Child & Family Studies | USF College of Behavioral & Community Sciences

Position Description

The Department of Child & Family Studies in the College of Behavioral & Community Sciences is seeking an Instructor I for its online Applied Behavior Analysis Master's program. This is a non-tenure earning faculty position. Promotional opportunities are provided in accordance with University of South Florida – Tampa, Career Path for Instructors: Promotion Guidelines.

This position will teach classes in the online master's program under the supervision of the MA Program Coordinator and the ABA Program Director. The instructor will teach Practicum Seminar courses every semester (Fall, Spring, and Summer) and may teach content courses, as needed. In addition, the position will assist in the oversight of doctoral student instructors, development and modification of courses, and marketing and other duties as assigned by the Program Coordinator. Other opportunities may include teaching in the on-campus undergraduate and/or graduate ABA programs and working with students on research. The successful applicant must meet ABAI instructor qualifications to teach, including holding a doctoral degree and BCBA/BCBA-D certification. The position requires the instructor to work from the USF Tampa Campus. It is not a remote position. Hire date will potentially be May 2020.

Minimum Qualifications

Master's degree from an accredited institution in an appropriate field of specialization or equivalent qualifications based on professional experience and otherwise qualified to perform assigned duties. Must meet university criteria for appointment to the rank of Instructor.

Preferred Qualifications

Doctorate in Behavior Analysis or a program with primary behavior analysis content. ABD's will be considered but doctorate must be conferred at the time of appointment. Current BCBA certification. ABA Supervisor training and at least one year providing supervision consistent with BACB standards. ABA teaching and/or training experience. Online teaching experience. Experience coordinating academic and/or training activities. ABA research productivity (publications and presentations). Experience in academic advising. Ability to work effectively with students and colleagues.

How to Apply:

To apply for this position (Job ID 24344) visit www.usf.edu/work-at-usf/careers, complete the online application, and upload a cover letter and curriculum vitae in one attachment.
