2017 8th ANNUAL CYCLING FOR AUTISM

Saturday, March 25, 2017 Courtney Campbell Causeway Trail

Why Autism?

Eight years ago, Interbay Rotary club made the decision to support autism services. Autism Spectrum Disorder is currently being diagnosed at the rate of 1/68 children today. The monies raised will be donated to two programs that help people touched by autism spectrum disorder today, when families need it most. The Applied Behavior Analysis Program and the Learning Academy at the University of South Florida will be the recipients of the donations to continue their work in delivering education, services, and supports to individuals and their families.
