

## CURRICULUM VITAE

**BRUCE LUBOTSKY LEVIN, DrPH, MPH**

### EDUCATION

**The University of Texas  
Health Sciences Center at Houston  
School of Public Health**

Doctor of Public Health (DrPH), Health Services Research 1983  
Dissertation: *Prepaid Mental Health Services: A National Perspective*  
Major Professor: Jay H. Glasser, PhD

Master of Public Health (MPH), Community Health Practice  
Master's Thesis: *Mental Health Coverage within Health  
Maintenance Organization (HMOs)* 1978  
Major Professor: Jay H. Glasser, PhD

**University of Wisconsin (Madison Campus)**

Bachelor of Science (BS), Zoology & Human Evolution 1975  
Academic Advisor: John T. Robinson, PhD

### EXPERIENCE

**University of South Florida (Tampa Campus, [levin@usf.edu](mailto:levin@usf.edu))**

Associate Professor (Tenured) & Head 2003 – Present  
*Behavioral Health Concentration*  
College of Public Health

Associate Professor (Tenured) 1989 - Present  
Department of Child & Family Studies  
College of Behavioral & Community Sciences

Editor-in-Chief 1988 - Present  
*Journal of Behavioral Health Services & Research*  
National Council for Mental Wellbeing/Springer Publications

Director  
MS Degree in Child & Adolescent Behavioral Health Program 2013 - 2018  
Department of Child & Family Studies  
College of Behavioral & Community Sciences

Associate Chairperson Department of Epidemiology & Policy Analysis Florida Mental Health Institute	1989 - 1991
Earned Tenure Department of Epidemiology & Policy Analysis Florida Mental Health Institute	1989
Assistant Professor Department of Child & Family Studies Florida Mental Health Institute	1984 – 1989
Assistant Professor Department of Health Policy & Management College of Public Health	1984 – 1989
<b>The University of Texas Health Sciences Center at Houston School of Public Health</b>	
Adjunct Associate Professor of Health Services Research	1989 – Present
Adjunct Assistant Professor of Health Services Research	1984 – 1989
Research Assistant Health Services Research Module	1978 – 1983
<b>The University of Texas Health Sciences Center at Houston School of Medicine</b>	
Research Associate in Psychiatric Epidemiology Department of Psychiatry & Behavioral Sciences	1983 - 1984
Research Assistant Department of Psychiatry & Behavioral Sciences	1978 – 1980
<b>University of Houston</b>	
Assistant to the Dean & Director, Special Programs College of Natural Sciences and Mathematics	1983 – 1984
<b>Texas Department of Mental Health &amp; Mental Retardation</b>	
Research Assistant Psychosomatic Research Unit Texas Research Institute of Mental Sciences (Houston)	1979 - 1982

Administrative & Services Research Internship Office of Planning & Policy Analysis (Austin) <b>Law Offices of DeVries, Vlasak, and Schallert, S.C.</b> (Milwaukee)	1977 – 1978
--	-------------

Law Investigator	1975 – 1976
------------------	-------------

**University of Wisconsin (Madison)**

Research Assistant School of Medicine Departments of Physiology & Surgery	1973 – 1975
---	-------------

**HONORS, AWARDS, & CERTIFICATIONS**

Fellow (FABHM)	1990
----------------	------

Certified Behavioral Health Care Executive (CBHE)	1983
---	------

**Association of Behavioral Healthcare Management**

Harold C. Piepenbrink Award Outstanding Contributions to Behavioral Health Association of Behavioral Healthcare Management & National Council for Behavioral Health	2001
--	------

Book of the Year Award <i>Mental Health Services: A Public Health Perspective</i> <i>American Journal of Nursing</i>	1998
--	------

<i>Marquis Who's Who in Science and Engineering</i>	1992
---	------

**National Research Service Award  
United States Public Health Service Fellow**

Health Services Research, Planning, & Policy Analysis	1980 - 1982
---	-------------

Mental Health Services Research	1976 - 1978
---------------------------------	-------------

**PROFESSIONAL AND SCIENTIFIC SOCIETIES**

American Public Health Association

AcademyHealth

Florida Public Health Association

## RESEARCH ACTIVITIES

### *Research Grants*

Co-Principal Investigator (with Tom Massey). “Institute for Translational Research Education in Adolescent Drug Abuse”, **\$1,730,660** 5-year study, National Institutes of Health, National Institute on Drug Abuse, 04/01/2023 – 03/31/2028. NIDA 2R25 DA 031103-11.

Co-Principal Investigator (with Tom Massey). “Institute for Translational Research Education in Adolescent Drug Abuse”, **\$1,648,709**, 5-year study, National Institute on Drug Abuse, 04/01/2017 – 08/31/2023. NIDA 1R25 DA031103-10

Co-Principal Investigator (with Julie Baldwin & Tom Massey). “Institute for Translational Research Education in Adolescent Drug Abuse”, **\$1,712,994**, 5-year study, National Institute on Drug Abuse, 04/01/2012 – 03/31/2017. NIDA R25 DA031103-01A1.

### **External Financial Support**

Resources secured in support of the *Journal of Behavioral Health Services & Research (JBHS&R)* **\$351,440**.

## **GRADUATE COURSES DEVELOPED & TAUGHT**

*PHC 6540 Public Mental Health* (USF College of Public Health).

This graduate level course introduces the organization, structure, and management of public mental health organizations, emphasizing the history, current structure, and future of the community mental health movement, as well as collaborative efforts between not-for-profit and for-profit mental health/substance abuse organizations.

PHC 6541 Mental Health Administration & Policy (USF College of Public Health).

This course presents the general principles of management theory, methods, administrative processes, and organizational structure of public and private mental health organizations in hospital and ambulatory care settings.

PHC 6539 Foundations in Adolescent Behavioral Health (USF College of Public Health).

This course focuses on adolescent behavioral health through a detailed examination of the interaction of epidemiology, disease surveillance, social neuroscience, environmental vulnerability, pharmacology, and developmental risk & resiliency that affect the lives of adolescent populations at risk for drug use and mental disorders. The benefits of service learning with perspectives on adult learning theory, distance learning, and blended learning methods will be highlighted. This course is the first course in the new 15 credit Graduate Certificate in Translational Research in Adolescent Behavioral Health. This course is also an elective graduate course in the Graduate Studies in Behavioral Health Program, which is “housed” in the Behavioral Health Concentration in the Department of Community & Family Health, USF College of Public Health.

PHC 6543 Foundations in Behavioral Health Systems (USF College of Public Health).

This graduate course covers the organization, financing, and delivery of behavioral health (including mental health and substance abuse) services in the United States, including law, policy, and ethics in mental health services delivery. Taught both traditional (in-class) version and distance learning (web-based) version of the course.

PHC 6728 Translational Research Methods in Adolescent Behavioral Health (USF College of Public Health).

This course provides an overview of quantitative and qualitative research methods, measurement models and skills of research relevant to translational research and the core principles of implementation science and the transfer/translation of knowledge from the research setting to clinical practice settings. Course material will place special emphasis on skills of research for developing translational researchers, and strategies for being culturally competent, and career-minded in the mediation, cultivation and development of translational research skills, and the implementation of evidence-based practices. Emphasis is placed on service needs of children and adolescents with co-occurring disorders as the population of interest.

PHC 6934 Behavioral Health Programs & Policies (USF College of Public Health).

This graduate level course examines programmatic, organizational and policy issues in behavioral health services organizations in the United States. Emphasis is placed upon programmatic and service delivery concerns within agencies serving the needs of special populations-at-risk.

HSC 6552 Community-Based Prevention in Behavioral Health (USF College of Public Health).

This graduate level course examines behavioral health prevention, promotion, and education initiatives and their application to selected at-risk populations.

MHS 6645 Mental Health Informatics (USF College of Public Health).

This graduate course introduces mental health informatics, how informatics expands both provider and patient access to health care, with an emphasis on information and knowledge management. Current applications in informatics are presented, including bibliographic, numeric, and geographic databases. The status of behavioral telehealth programs will also be reviewed.

MHS 4002 Behavioral Health Systems Delivery (USF College of Behavioral & Community Sciences).

This undergraduate course introduces students from public health, psychology, social work, and other social and behavioral sciences majors to the basic concepts in the examination of alcohol, drug use, and mental disorders from a public health perspective. The focus of the course includes basic organization, financing, services delivery, and concepts of basic prevention and early intervention for individuals in need of behavioral health services.

MHS 6706 Child & Adolescent Behavioral Health Policy (USF College of Behavioral & Community Sciences and the USF College of Public Health).

This graduate level course focuses on critical policy issues affecting child and adolescent behavioral health services in the United States (U.S.). Historical, legislative, and policy making issues will be discussed, and U.S. policies will be examined within an inclusive global context. One emphasis in this course will be the development of written policy briefs.

MHS 7740 Survey of Mental Health Planning, Evaluation, & Accountability (USF College of Behavioral & Community Sciences and the USF College of Public Health).

This doctoral level graduate course is designed to provide an overview of planning, evaluation, and accountability methods within a behavioral health systems perspective. Emphasis is placed upon a broad range of quantitative and qualitative methodological approaches.
