Postdoctoral Study

1990–1991 **Universities of Cambridge and Manchester** C*ambridge/Manchester, England*
Postdoctoral fellow

Professional Experience

2022- present Director, **College of Behavioral & Community Sciences** Research & Data Center (RDC)

2022 – present **College of Behavioral & Community Sciences** *USF, Tampa, Florida*
Research Professor, Department of Child and Family Studies.

2009 – 2021 **College of Behavioral & Community Sciences** *USF, Tampa, Florida*
Research Associate Professor, Department of Child and Family Studies.

2013 – 2021 **College of Public Health** *USF, Tampa, Florida*
Joint Research Associate Professor, Department of Community and Family Health.

2010 – 2021 **College of Art & Sciences** *USF, Tampa, Florida*
Affiliated Research Associate Professor

2007– 2022 **Member of the Prevention Science Methodology Group (PMSG),** a group of internationally recognized experts on analytic methodology directed by professors Hendricks Brown, University of Miami, and Bengt Muthén, UCLA.

2003 – 2008 **Louis de la Parte Florida Mental Health Institute** *USF, Tampa, Florida*
Research Assistant Professor, Department of Child and Family Studies.

2000 – 2002 **Louis de la Parte Florida Mental Health Institute** *USF, Tampa, Florida*
Assistant in Research, Department of Child and Family Studies.

1995 – 1999 **Louis de la Parte Florida Mental Health Institute** *USF, Tampa, Florida*
Statistician, Department of Child and Family Studies.

1989 – 1991 Researcher, **Institute of Sociology, Academy of Sciences** *Moscow, Russia*

Professional Training

2013 (June) **Summer Research Institute (SRI) at Cornell University**
Intensive training in complex secondary data analysis

Advanced Statistical Courses Conducted by Bengt and Linda Muthén

2010 (August) **John Hopkins University, Bloomberg School of Public Health**
Statistical Analysis with Latent Variables Using Mplus

2010 (March) **John Hopkins University, Bloomberg School of Public Health**
Growth Modeling with Latent variables: Introductory and Intermediate Growth Models

2007 (August) **John Hopkins University, Bloomberg School of Public Health**
Growth Modeling with Latent Variables: Advanced Growth Models

2007 (March) **John Hopkins University, Bloomberg School of Public Health**
Observed and Latent Variable Modeling Using Mplus

2003 (August) **Mplus Short Courses**. **Alexandria, VA**
Traditional Latent Variable Modeling. Multilevel Growth Mixture Modeling

Advanced Statistical Workshops Conducted by Paul Greenbaum

2000 (March) **The 13th Annual Research Conference "A System of Care for Children's Mental Health: Expanding the Research Base," Tampa, FL**
Latent Growth Curve Analysis

1999 (March) **The 12th Annual Research Conference "A System of Care for Children's Mental Health: Expanding the Research Base," Tampa, FL**
Growth Curve Analysis

Statistical software: Extensive experience with SPSS and Mplus

Types of advanced statistical analyses conducted: Logistic regression; Survival analysis including competing risk models, multilevel mixture Cox regression, Life Tables; Latent Class Analysis, Latent Transition Analysis, Confirmatory Factor analysis, Growth Curve Modeling, Growth Curve Mixture Modeling, Multilevel Modeling, Propensity Scoring Technique.

Other Statistical Experience: Conducting analyses with large administrative databases (e.g., Florida Medicaid Claims, Florida Child Welfare Data, Florida Juvenile Justice Data, Florida Law Enforcement data, Florida Baker Act Data, Florida).

External Funding

Family Connections

Principal Investigator: Yampolskaya, S.
Funding Agency: Annie E. Casey Foundation & Florida Department of Children & Families
Funding Period: 2023-2023
Award Amount: $33,434
Project Role: Principal Investigator, responsible for overseeing the overall project.
Synopsis: The goal of the study is to assess the effect of the effectiveness of the Family Connections Intervention

Evaluation of Implementation to Fidelity of Evidenced-Based Services

Principal Investigator: Vargo, A.
Funding Agency: Florida Department of Children and Families
Funding Period: 2022-2024
Award Amount: $1,658,492
Project Role: Lead for the Outcome Evaluation. Responsible for overseeing quantitative part of the study, developing performance measures, analysis of administrative data, and dissemination of the results.
Synopsis: The purpose of the project is to conduct statewide fidelity and outcomes evaluations and provide technical assistance for the delivery of the evidence-based practices being implemented as part of Florida's State Prevention Plan.

Statewide Evaluation: Indiana Department of Mental Health and Addiction Health Equity Program

Spark of Duval, an Innovative Teen Pregnancy Prevention Program

Principal Investigator: Yampolskaya, S.
Funding agency: Administration for Children and Families (ACF), US DHHS
Funding Period: 2016 - 2022
Award Amount: $577,430
Project Role: Principal Investigator, responsible for overseeing the overall project with the focus on study design and quantitative analysis.
Synopsis: The goal of the study is to examine the effect of Spark of Duval intervention on risky sexual behaviors and teen parenthood among foster care youth using randomized control trail.

Regional Partnership Impact Project 5 – Parent Partners for Families -Citrus Family Care Network, Miami

Principal Investigator: Callejas, L.M.
Funding agency: Administration for Children and Families (ACF), US DHHS
Funding Period: 2018 - present
Award Amount: $278,377
Project Role: Co- Principal Investigator. Responsible for overseeing quantitative part of the study, design and procedures associated with randomized control trail, and dissemination of findings
Synopsis: The goal of the study is to assess the effect of peer intervention on child outcomes among child welfare involved families.

Maternal, Infant, and Early Childhood Home Visiting (MIECHV)

Principal Investigator: Marshall, J.
Funding agency: Substance Abuse and Mental Health Services Administration (SAMHSA)
Funding Period: 2012-2020
Award Amount: $600,000
Project Role: Co-Investigator, responsible for developing and calculating child maltreatment measures, statistical analysis, and dissemination of the results.
Synopsis: The goal of the project is to improve health and developmental outcomes for at-risk children through evidence-based home visiting programs.

Regional Partnership Impact Project 3 – Our Kids Miami

Principal Investigator: Callejas, L.M.
Funding agency: Administration for Children and Families (ACF), US DHHS
Funding Period: 2014 - 2020
Award Amount: $625,305
Project Role: Co-Principal Investigator. Responsible for project oversight, study design, implementation of randomized control trial, calculating study measures, and statistical analyses.
Synopsis: The goal of the study was to examine the impact of Substance Abuse Intervention among parents involved with the child welfare system.

Array of Behavioral Health and Parenting Services for Families in the Child Welfare System

Principal Investigator: Armstrong, M. I
Funding agency: Florida Department of Children & Families
Funding Period: 2018-2018
Award Amount; $53,527
Project Role Co-investigator, responsible for study design, data analyses, and dissemination of the findings
Synopsis: The goal of this study was to determine characteristics child welfare involved parents, and assess the cost to implement the needed services.

Linking Actions for Unmet Needs in Children's Health (LAUNCH)

Principal Investigator: Sowell, C.
Funding agency: Substance Abuse and Mental Health Services Administration (SAMHSA)
Funding Period: 2012-2017
Award Amount: $850,000
Project Role: Co-Investigator, responsible for oversight of the outcome part of the study, statistical analyses, and dissemination of findings.
Synopsis: The overall goal of Project LAUNCH is to promote well-being and healthy development of young low-income children.

Access, Integration of Care and Service Utilization for Child Welfare Involved Children in Florida's Managed Medical Assistance (MMA) Program

Principal Investigator: Yampolskaya, S.
Funding agency: Florida Agency for Health Care Administration
Funding Period: 2015-2016
Award Amount: $112,719
Project Role: Principal Investigator, responsible for study oversight, study design, statistical analyses, and dissemination of the results.
Synopsis: The study goal was to examine the characteristics of children enrolled in the CWSP, types of service utilization, and factors associated with enrollment in the Managed Medical Assistance plans.

Connecting People and Place Project

Principal Investigator: Baldwin, J.
Funding agency: Annie E. Casey Foundation
Funding Period: 2014-2015
Award Amount: $40,675

Project Role: Co-Investigator, responsible for study design, advanced statistical analyses and description of the results.

Synopsis: The study goal was to demonstrate the use of integrated data systems (IDS) to improve local policy and program-related decision-making by exploring the relative contributions of child, home/family, school and community variables to absenteeism/truancy in Pinellas County.

Child Welfare Specialty Plan Implementation Study

Principal Investigator: Vargo, A.
Funding agency: Florida Agency for Health Care Administration
Funding Period: 2014-2015
Award Amount: $107,014
Project Role: Co-Investigator, responsible for the oversight of the quantitative part of the study including study design, and data analyses.
Synopsis: The goal of the study to examine the impact of Child Welfare Specialty Plan – a new policy in Florida on child health related outcomes.

Profiles of Children in Out-of-Home Care Residential Programs

Principal Investigator: Yampolskaya, S.
Funding agency: Florida Agency for Health Care Administration
Funding Period: 2009-2010
Award Amount: $107,480
Project Role: Principal Investigator, responsible for the study oversight, study design, data analyses, and dissemination of the findings
Synopsis: The goal of the study to examine profile of children placed in out-of-home care residential programs and identifying the group at higher risk for subsequent readmission.

Evaluation of Florida's Behavioral Health Overlay Services 2009-10

Principal Investigator: Yampolskaya, S.
Funding agency: Florida Agency for Health Care Administration
Funding Period: 2009-2010
Award Amount: $15,831
Project Role: Principal Investigator, responsible for the study oversight, study design, data analyses, and dissemination of the findings
Synopsis: The goal of the study to examine the effect of BHOS on youth outcomes and factors associated with placement in state inpatient psychiatric programs or juvenile justice facilities.

Profiles of Children with High Utilization of SIPP

Principal Investigator: Yampolskaya, S.
Funding agency: Florida Agency for Health Care Administration
Funding Period: 2009-2010
Award Amount: $58,872
Project Role: Principal Investigator, responsible for the study oversight, study design, data analyses, and dissemination of the findings
Synopsis: The goal of the study to identify subgroups of children with high utilization of state inpatient psychiatric programs.

Evaluation of Brevard Parenting with Love and Limits Project

Principal Investigator: Yampolskaya, S.
Funding agency: Florida Department of Children & Families
Funding Period: 2009-2010
Award Amount: $20,000

Project Role: Principal Investigator, responsible for the study oversight, study design, data analyses, and dissemination of the findings
Synopsis: The goal of the study to examine the impact of Parenting with Love and Limits intervention on youth behavioral outcomes.

Conectar: Building the Capacity of a Community to Learn the Signs

Principal Investigator: Vaughn, B.
Funding agency: Centers for Disease Control and Prevention (CDC) U.S. DHHS
Funding Period: 2009-2011
Award Amount: $299,806
Project Role: Co-Investigator, responsible for data analyses and results dissemination.
Synopsis: The goal of the study to increase mental health literacy among Latino population and improve child mental health outcomes.

IV-E Waiver Evaluation

Principal Investigators: Vargo A., & Armstrong, M.I.
Funding agency: Florida Department of Children & Families
Funding Period: 2006-2012
Award Amount: $689,980
Project Role: Co-Investigator, Co-Investigator. Responsible for overseeing quantitative part of the study, developing performance measures, analysis of administrative data, and dissemination of the results.
Synopsis: The goal of the study to evaluate the statewide implementation of the flexible federal funds and its impact on Florida child welfare system.

Patterns of Service Utilization of the most Costly and Intense Mental Health Services Among Out-of-Home Care Children

Principal Investigator: Yampolskaya, S.
Funding agency: Florida Agency for Health Care Administration
Funding Period: 2007-2009
Award Amount: $69,791
Project Role: Principal Investigator, responsible for the study oversight, study design, data analyses, and dissemination of the findings
Synopsis: The goal of the study to identify factors associated with high service utilization among children involved with the child protection system.

Health Care Disparities

Principal Investigators: Greenbaum, P. E., & Yampolskaya, S
Funding agency: Florida Agency for Health Care Administration
Funding Period: 2006-2008
Award Amount: $183,041
Project Role: Co-Principal Investigator, responsible for the study oversight, study design, data analyses, and dissemination of the findings

Evaluation of Teen Pregnancy Prevention Programs in Hillsborough County, Part 2

Principal Investigator: Yampolskaya, S.
Funding agency: Hillsborough County Workforce
Funding Period: 2001-2002
Award Amount: $15,000
Project Role: Principal Investigator, responsible for the study oversight, study design, data analyses, and dissemination of the findings
Synopsis: The goal of the study to assess the impact of teen pregnancy prevention programs on teens intentions to involved in sexual activities.

Evaluation of Teen Pregnancy Prevention Programs in Hillsborough County, Part 1

Principal Investigator: Yampolskaya, S.
Funding agency: WAGES Coalition of Hillsborough County
Funding Period: 2000- 2001
Award Amount: $10,000
Project Role: Principal Investigator, responsible for the study oversight, study design, data analyses, and dissemination of the findings
Synopsis: The goal of the study to assess the impact of teen pregnancy prevention programs on teens intentions to involved in sexual activities.

Departmental Research/Pilot Studies

Principal Investigator: Yampolskaya, S.
Factor structure of the brief version of the Inventory of Parent and Peer Attachment 2016-2017
The study assessed psychometric properties of a brief attachment measure used for the National Child & Adolescent Well Being Survey (NSCAW).

Principal Investigator: Yampolskaya, S.
Heterogeneity of child welfare-involved families and characteristics of subgroups that are at increased risk for substance use. 2017-2018
The goal of this study was to identify subgroups of child welfare involved parents for the state of Florida so that targeted, more effective and less costly interventions can be used.

Principal Investigator: McBeath, B. 2012-2013
Development and testing of a structural model of child welfare caseworker effort
The study focused on an application of an advanced statistical method – structural equation model to assess the effect of child welfare caseworker effort on child outcomes.
Role: Co-Principal Investigator

Principal Investigator: Yampolskaya, S. 2008- 2011
An assessment of child maltreatment severity using a two-part latent growth curve mixture model.
The study examined the trajectories of maltreatment severity using a newly development Advanced statistical technique – two-part latent growth mixture modeling (LGMM).
