## Do you want to participate in a research study?

Study: Discourse and Cognition in Adults With and Without Brain Injury

### University of South Florida

**Participants are invited to take part in a research study that investigates how language is processed in the brain.**

#### Eligibility

- Adults aged 18 or older.
- English as first language
- Normal or corrected vision and hearing
- Individuals with or without brain injury (e.g., stroke, Traumatic Brain Injury)

#### Visits Include:

- Story-telling and cognitive activities (at USF or home-visit)
- Brain imaging study (Optional, only at USF)
- Compensation: \$15 per hour

#### To schedule your visit, or for more information please contact:

Hana Kim, PhD, Assistant Professor
