

Project Timeline – Start Date: Feb. 1, 2020

Proposed Start Date: February 1, 2020

Goal: *Indian River County Mental Health Court is primarily a voluntary diversion program with the goal of increasing public safety, avert spending on criminal justice systems and improving the accessibility and effectiveness of evidence-based treatment services for adults who have a mental illness or co-occurring substance use disorder, and who are in or at risk of entering the criminal justice system.*

Objective #1:	Expand Mental Health Court client programs by improving identification of individuals at highest risk of recidivism and diverting them to more targeted treatment services.			
Key Activity	Milestone / Benchmark	Responsible Partners	Anticipated Start Date	Completion Date
Establish legally binding agreements with all participating entities to establish CJMHSa grant programs for the target population	1. Sub-contract execution with the participating entities detailed in the proposed project.	SEFBHN	January / February 2020	March 2020
Implement the Ohio Risk Assessment Tool (ORAS) in the Indian River County Jail and expand its usage to include all inmates booked into the jail.	1. ORAS training for all appropriate staff. 2. 60 inmates booked into the Indian River County Jail with mental health disorders will be assessed using ORAS.	SEFBHN, IRCSSO	1. Feb 2020 2. February / Mar 2020	April 2020
Develop eligibility criteria for recommendation to high fidelity Wraparound services.	1. Utilize initial data from first 60 ORAS assessments to evaluate and determine a baseline for MHC population. 2. Creation of the program policy that delineates the eligibility criteria with a specific ORAS score(s) needed to recommend potential participants to High fidelity Wraparound Services.	SEFBHN, NHTC, IRCMHC	1. April 2020 2. May 2020	May 1, 2020
Measure the effectiveness of the ORAS	1. Utilize the evidence-based Correctional Program Checklist (CPC) to measure the program's effectiveness 2. Develop a plan of improvement to address any areas scored below "Satisfactory."	SEFBHN	October 2020 July 2021 April 2022 Jan 2023	Dec 2020 Sept 2021 June 2022 Feb 2023

Objective #2:	<i>Increased collaboration between the criminal justice and behavioral healthcare systems, as well as other relevant stakeholders to provide ongoing oversight and quality improvement activities for the CJMHSA grant program.</i>			
Key Activity	Milestone / Benchmark	Responsible Partners	Anticipated Start Date	Completion Date
Hold an initial project implementation meeting with all service providers and other key stakeholders to discuss the implementation of the proposed project.	Presence of all relevant stakeholders at meeting as evidenced by meeting minutes.	SEFBHN	January / February 2020	March 2020
Engage with the Public Safety Coordinating Council to collaborate on issues related to the criminal justice and behavioral health systems in Indian River County.	1. Participation of stakeholders at quarterly meetings as evidenced by meeting minutes.	SEFBHN, IRC SO	1. Quarterly 2. Bi-monthly for the duration of grant	Jan 2023
Engage with the PSCC Grant Oversight sub-committee meetings with involved organizations to review performance measures and timelines associated with the grant and make necessary adjustments to implementation.	1. Participate on PSCC Grant Oversight subcommittee bi-monthly meeting 2. Review performance measures and timelines associated with the grant and discuss improvements or necessary adjustments.	SEFBHN, NHTC, IRCMHC	3. April 2020 4. May 2020	May 1, 2020
Sustainability of the CJMHSA Reinvestment Expansion Grant for Mental Health Court	1. Conduct Analysis of how grant funds are spent and cost savings across all systems 2. Review results and begin conversations regarding braided funding options 3. Review present to potential funders	SEFBHN, PSCC, IRCMHC IRC Board of County Commissioners	Sept 2020	Sept 2022

Objective #3:	Improve accessibility and effectiveness of treatment services to those at highest risk of recidivism through implementation of the evidence-based practice, High Fidelity Wraparound.			
Key Activity	Milestone / Benchmark	Responsible Partners	Anticipated Start Date	Completion Date
Hire and fully train all program staff utilizing Florida's Statewide Wraparound Training & Certification Model while providing a structure to properly supervise and maintain a high level of service quality.	<ol style="list-style-type: none"> 1. Successful completion of hiring and training process for Wraparound Facilitators 2. Wraparound Teams begin to work with IRCMHC participants 	SEFBHN NHTC	January / February 2020	March 2020
Utilize standardized eligibility criteria to offer High fidelity Wraparound to individuals with mental illness in Indian River County jail who are at highest risk of recidivism.	<ol style="list-style-type: none"> 1. Start seeing MHC clients 2. Number of participants served 3. Lower recidivism risk over the course of services provided for participants according to ORAS 	SEFBHN, NHTC, IRCMHC	<ol style="list-style-type: none"> 1. Mar 2020 2-3. On-going reports for duration of grant 	Jan 2023
Engage multiple service providers in the team-centered approach of Wraparound services to maximize collaboration among service providers and stakeholders within a coordinated system of care to effectively improve psychosocial stability for program participants, decrease risk of recidivism and increase likelihood of successful graduation from the IRCMHC program.	<ol style="list-style-type: none"> 1. Wraparound Team meetings 2. Bi-weekly IRCMHC Staffing meetings 3. Reduced risk of recidivism as measured by ORAS 4. Graduation rate from IRCMHC program 	SEFBHN, NHTC, IRCMHC	<ol style="list-style-type: none"> 1. Mar 2020 2. On-going meetings 3. Reports for the duration of the grant 	March 2020

RE: Criminal Justice SAMH Reinvestment Grant

To Whom It May Concern:

Please accept this letter of support for the SEFBHN application of grant funds for the expansion of our mental health court/diversion program in Indian River County. As the presiding judge of the mental health court, additional funding and targeted case management is needed for expansion and maximum program efficacy.

As you are aware, post-release treatment of those suffering with mental health and co-occurring disorders (COD) will result in better outcomes for defendants. The expansion of our program with the high fidelity wraparound model will reduce recidivism through the provision of comprehensive treatment and services, more oversight and case management as well as peer counseling. Expansion will allow more mentally ill and COD defendants to be released from our jail and receive referrals and services in the community.

Through the development of partnerships and programs within our community, we will be able to provide a continuum of care for those struggling with these issues and better serve this vulnerable population. Should you need further information, please do not hesitate contacting me.

Sincerely yours,

CYNTHIA L. COX

RE: Criminal Justice, Mental Health, and Substance Awareness Reinvestment Grant # RFA112818HSET1

Dear Sir/Madam,

New Horizons of the Treasure Coast, Inc. is pleased to offer this letter of support and commitment for the Southeast Florida Behavioral Health Network, Inc. (SEFBHN) grant application for the Criminal Justice, Mental Health and Substance Abuse Reinvestment Grant. It is our understanding that this grant proposal intends to enhance and expand diversion-related services for Adults in Indian River County with mental health and/or co-occurring disorders who interface with the criminal justice system. The acquisition of this grant will support the expansion of program services in Indian River County which help reduce recidivism among offenders presenting with mental health and/or co-occurring disorders.

New Horizons of the Treasure Coast, Inc. will play a pivotal role in the implementation and operation of the Grant. The main therapeutic aspects of the grant will focus on implementation of evidence-based assessment and coordinated intensive case management services for the highest need individuals in this population. We understand that there are significant challenges and barriers that individuals with mental illness in the criminal justice system face and that successfully serving this vulnerable population requires a collaborative community approach. Enhancing natural community supports and maximizing the benefit of the system of care for these individuals as they struggle to overcome challenges, grow and become meaningful members of society is a mission we share together. New Horizons of the Treasure Coast, Inc. is fully committed to making this not only possible, but a reality.

New Horizons of the Treasure Coast, Inc. acknowledges that the lead entity for this initiative is the Southeast Florida Behavioral health Network; however, the implementation and tasks associated with this project are mainly the result of the collaboration of many stakeholders including New Horizons of the Treasure Coast, Mental Health Collaborative of Indian River County, Indian River County Mental Health Court, law enforcement, the criminal justice system, behavioral health service programs and other community stakeholders.

New Horizons of the Treasure Coast, Inc. has a longstanding commitment and a vested interest in diverting individuals with mental health and/or co-occurring issues away from the criminal justice

4500 W. Midway Road - Fort Pierce, Florida 34981 - Tel 772.468.5600 – Fax 772.468.5600

system and towards effective treatment programs and service providers who can more effectively identify and treat the underlying causes that lead to criminal behavior. For these reasons, New Horizons of the Treasure Coast, Inc. ardently supports this initiative and its stated goals and objectives in furtherance of the earnest desire to continually seek partnerships and programs in our community aimed at providing diversion measures for this vulnerable population.

Sincerely,

George Shopland

Executive Director

Appendix A – Strategic Plan

Statement of the Problem:

Adults who interface with the criminal justice system often have Substance Abuse Disorders, Mental Health Disorders, or Co-Occurring Disorders go undiagnosed or untreated. Many of these individuals and their families are unaware of how to obtain services for their conditions, and their only options to receive treatment is by accessing care through some of the most costly and inefficient points of entry into the healthcare delivery system including emergency rooms, acute crisis services, and ultimately the adult criminal justice systems. These individuals have often had unsuccessful educational experiences and are unemployed leading to housing instability, nutritional insecurity, and limited access to transportation so when they are released back into the community they are at significant risk of reentering these facilities. This accomplishes very little and often contributes to increased recidivism for this population while draining the limited resources that do exist.

Vision: To offer a recovery focused alternative to jail for individuals who have committed a low-level criminal offense and who are struggling with severe and chronic mental illness or co-occurring mental illness and substance abuse disorder to help them increase involvement in the community while at the same time reducing recidivism through the criminal justice system.

Mission Statement: To serve the community and increase public safety by monitoring, supporting and holding accountable justice-involved individuals with *mental* illness in accessing treatment and improving their quality of life

Values:

- **Respect for Others** – by being open and direct and receptive to all opinions and needs of all participants.
- **Transparency & Accountability** – by maintaining a culture of honesty and by sharing information openly.
- **Responsive & Adaptive** – by constantly assessing the needs of consumers and ensuring services meet those needs. When they do not – being willing to make changes along the way.
- **Compassion** – by maintaining an awareness of the needs of others and act to meet those needs in a non-judgmental manner.
- **Recovery is Attainable** – by believing that everyone can benefit from services and can make significant changes in their lives even when it may not happen immediately.

Regional Partnership Strategic Planning Process and Participants

Southeast Florida Behavioral Health Network and Indian River County hosted Sequential Intercept Mapping (SIM) on June 7-8, 2018. The SIM was comprised of 36 participants

representing cross-systems stakeholders including treatment providers, human services, corrections, advocates, peer specialists, law enforcement, county courts, and the judiciary. The formal report is included as an attachment to this document. The SIM provided a strategic plan for serving the target population detailed above and gave us a road map to develop this grant proposal.

The grant objectives intersect with the top priorities identified in the SIM. Several of the objectives in the SIM Strategic Plan will be directly addressed by the actions taken as part of the proposal, particularly the need for a comprehensive screening and assessment which will be fulfilled by the expanded implementation of the ORAS system in the Indian River County Jail and its usage for the participants of the proposed program. Naturally, the proposed intervention for the target population of high-fidelity Wraparound addresses the need for expansion of community-based treatment, alternatives to arrest and jail diversion and formal transition planning. This SIM Strategic Plan also includes an analysis of the existing CJMHSR Reinvestment Grant Program in the Indian River County Mental Health Court. This will be an ongoing need and we have included a task for this under our collaboration objective.

The Strategic Plan below details the objectives and tasks proposed for this grant and identifies target dates for completion.

APPENDIX A continued

Goal #1: *Indian River County Mental Health Court is primarily a voluntary diversion program with the goal of increasing public safety, avert spending on criminal justice systems and improving the accessibility and effectiveness of evidence-based treatment services for adults who have a mental illness or co-occurring substance use disorder, and who are in or at risk of entering the criminal justice system.*

Objective #1:		Expand Mental Health Court client programs by improving identification of individuals at highest risk of recidivism and diverting them to more targeted treatment services.		
	Task	Performance Measure	Lead Person or Organization	Projected Completion Date
1.1	Establish legally binding agreements with all participating entities to establish programs for the target population	Completion of necessary legally binding agreements with the participating entities detailed in the proposed project.	SEFBHN	Mar 1, 2020
1.2	Implement the Ohio Risk Assessment Tool (ORAS) in the Indian River County Jail and expand its usage to include all inmates booked into the jail.	Percentage of inmates booked into the Indian River County Jail who are assessed using ORAS.	SEFBHN, IRC SO	April 1, 2020
1.3	Utilize initial data from first 60 ORAS assessments to evaluate and determine appropriate criteria for recommendation to High fidelity Wraparound Services.	Creation of the program policy that delineates the eligibility criteria with a specific ORAS score(s) needed to recommend potential participants to Wraparound services.	SEFBHN, IRMHC	May 1, 2020
1.4	Utilize the evidence-based Correctional Program Checklist (CPC) to measure the program's effectiveness and develop a plan of improvement to address any areas scored below "Satisfactory."	Completion of CPC and development of any needed improvement plans.	SEFBHN	July 1, 2021

Objective #2:	<i>Objective 2– Increased collaboration between the criminal justice and behavioral healthcare systems, as well as other relevant stakeholders to provide ongoing oversight and quality improvement activities for the CJMHSa grant program.</i>			
	Task	Performance Measure	Lead Person or Organization	Projected Completion Date
2.1	Hold an initial project implementation meeting including all involved service providers and other key stakeholders to discuss the implementation of the proposed project.	Presence of all relevant stakeholders at meeting as evidenced by meeting minutes.	SEFBHN	Mar. 1, 2020
2.2	Engage in quarterly Public Safety Coordinating Council meetings to collaborate on issues related to the criminal justice and behavioral health systems in Indian River County and the role of the grant project in these systems.	Participation of stakeholders at quarterly meetings as evidenced by meeting minutes.	SEFBHN	Quarterly for duration of the grant
2.3	Engage in bimonthly grant oversight committee meetings with involved organizations to review performance measures and timelines associated with the grant and make necessary adjustments to implementation.	Participation of relevant stakeholders and service providers at meeting as evidenced by meeting minutes.	SEFBHN	Bimonthly for duration of grant
2.4	Sustainability of the CJMHSa Reinvestment Expansion Grant for Mental Health Court	Conduct Analysis of how grant funds are spent and cost savings across systems	SEFBHN, PSCC, IRCMHC IRC Board of County Commissioners	Sept. 2020 – Sept. 2022

Objective #3:		Improve accessibility and effectiveness of treatment services to those at highest risk of recidivism through implementation of the evidence-based practice, High Fidelity Wraparound.		
	Task	Performance Measure	Lead Person or Organization	Projected Completion Date
2.1	Hire and fully train two Certified Wraparound Facilitators utilizing Florida's Statewide Wraparound Training & Certification Model while providing a structure to properly supervise and maintain a high level of service quality.	Successful completion of hiring and training process for Wraparound Facilitators	New Horizons of the Treasure Coast, SEFBHM	May 15, 2020
2.2	Utilize standardized eligibility criteria to offer High fidelity Wraparound to individuals with mental illness in Indian River County jail who are at highest risk of recidivism.	Number of participants served, recidivism risk over the course of services provided for participants according to ORAS	New Horizons of the Treasure Coast	Start services by June 1, 2020
2.3	Engage multiple service providers in the team-centered approach of Wraparound services to maximize collaboration among service providers and stakeholders within a coordinated system of care to effectively improve psychosocial stability for program participants, decrease risk of recidivism and increase likelihood of successful graduation from the IRCMHC program.	Engagement of members of Participants' Wraparound team at team meetings, risk of recidivism as measured by ORAS, graduate rate from IRCMHC program.	New Horizons of the Treasure Coast, SEFBHN	Ongoing from start of services
