In this, OLLI’s silver anniversary year, I’m reflecting on how the contributions of thousands of older learners helped grow and shape this program. Author Simon Sinek wrote, “A community is a group of people who agree to grow together.” We are grateful to the hundreds, even thousands, of program volunteers who have helped build a sustainable lifelong learning enterprise. And of course, special thanks to our visionary founding director, Lee Bird Leavengood. What’s in store for our next 25 years? The sky’s the limit. Join us!

New this Summer

Our technology training continues to expand as technology creeps into more facets of our lives. This term, check out our new classes on _Hearing Technology and Aging_ and _Smart Homes and the Internet of Health Things_ along with our mobile device, computer operation and applications courses.

Social media is a way to stay in touch and keep up with the busy lives of our loved ones, particularly the younger set. We’re offering one-meeting workshops on three social media apps that are popular at present: _Tweet! Tweet! What is Tweeting and Why Do It?_, _Express Yourself on Instagram_ and _Now You See It, Now You Don’t on Snapchat_.

Our 2018 member survey indicated you like travel, including armchair travel. We’ve got some unusual choices this summer with _Selamat Datang: Welcome to Malaysia_, and _Antarctica: Earth’s Last Frontier_. Don’t forget to check out the travel opportunities in this catalog, including a planned 2020 river cruise in Portugal!

Traveling means photos. We’ve got courses this summer on editing your photos on your computer (see our three _Photoshop Elements_ one-meeting workshops) OR right on your mobile device (Master the Photos App for iPhone/iPad: Organizing & Sharing). We’re offering a new course (_Digitizing Photos with Photomyne_) to learn how to digitize those old family photos.

Summer travel often means developing a familiarity with other languages. This term features offerings in beginning Spanish and continuing classes in Italian, German and French.

The Florida Aquarium continues it’s “charm offensive” on our members with two new, timely classes on _Sea Turtle Season_ and _Corals On the Brink_.

Welcome, new volunteers! (L-R) Daryl Crawford, Mary Fernandez, Betty Salton, Kathy Winarski and Tom McGuigan
It’s a Greek summer at OLLI-USF, with three separate courses on Greek Mythology, Religion, and History and Culture (Greek Mythology: So Old and So New; Greek Religion and Ancient Greece: Prelude to Today’s World).

Are you the “artsy” type? You’ll love our new courses on Mid-Century Modern design, Paint the Landscape: Basics of Acrylic Painting and the Mixed Media Art Workshop. Your doodling can be both art AND therapeutic when you try Meditative and Expressive Hand Drawing, which returns this summer.

History buffs will enjoy a wide array of topics this summer, including The Flying Tigers in China; Bay of Pigs; to What is Most Expensive and Longest Indian War in the U.S.; Assessing the British Colonization of India and Origins of Latin America.

Or join us Sunday afternoons for our summer favorite, Classic Film Sundays at the Tampa Theatre, returning for the ninth year.

So much to do, so much to learn: where will you start?
Join us this summer!

OLLI-USF ANNUAL FUND CAMPAIGN

OLLI celebrates 25 amazing years
“Celebrate the Past, Embrace the Future”

We have certainly had a rich and robust past, growing from a small group of visionaries to 1,600 members strong, 300 volunteers, hundreds of courses and many social events each year.

And the future is ours...to grow and connect with our community and continue to provide our members with quality lifelong learning and social experiences.

The OLLI Annual Fund provides the necessary support to keep our OLLI going and growing.

Thank you to all who have contributed so generously.

If you haven’t yet donated, please consider supporting OLLI. Every dollar you give goes directly to the benefit of our members.

You may donate to OLLI online or by mail.

An OLLI Legacy Story

After his wife of 56 years passed away, Bob Findorff found a lifeline in OLLI. “Not only does OLLI satisfy my thirst for knowledge, but it provides a sense of community for people of intellect from varied and diverse backgrounds,” says Bob. That sense of community inspired him to establish the Jocelyn C. Findorff and Robert L. Findorff Endowed Fund to benefit OLLI, which was funded through a generous gift of appreciated stock and will sustain OLLI for years to come.

Are you ready to create your own legacy for OLLI? The USF Foundation Office of Gift Planning is here to help. Contact us to start exploring the possibilities.

Tech Squad Saves the Day

Every month on a Friday afternoon, OLLI technology training instructors set aside an hour to help members develop some new skills and resolve their tech issues. The OLLI Tech Squad was inaugurated last summer to help fill the gap between our courses and provide one-on-one assistance for items often not covered in any class. The Tech Squad, led by technology coordinator Jeanne Dyer, has coached, advised and helped dozens of members resolve issues with their phones, laptops and tablets; answer questions with Word, PowerPoint and Excel; help untangle social media and email accounts, and more.

They signed up for a specific Tech Squad date and time just as they would for any OLLI course (see the summer Tech Squad offerings on page 24 in the current catalog). Jeanne telephones a week in advance to learn how Tech Squad can assist. Then she gets to work recruiting some learned help among our instructor corps. Just imagine: technical support from a friendly peer!

We are grateful to OLLI’s many photographers, who share their work with us here and in our online Facebook groups. Particular thanks this issue go to Jane Applegate, Jaime Bonilla, Beryl Byles, Al Carson, Kat Hanscom, Doug Gatchell, Don Menzel, Penny Noriega, Gail Parsons and Jane Rubin for providing a glimpse of OLLI life through their shared photos.
OLLI Donors Lauded

A spirit of generosity – and of gratitude – filled the air as OLLI-USF saluted many of its largest donors at a recognition lunch at the USF Alumni Center on Friday, February 15th.

OLLI Development Chair Lorraine Watson thanked the donors who have helped OLLI-USF to a record performance for our Annual Fund, and saluted the members of her Committee who helped explain to potential donors the need for contributions above and beyond tuition and membership fees, if OLLI is to continue to grow and enhance its offerings to Tampa Bay Area lifelong learners.

OLLI Director Ara Rogers explained specific equipment acquisitions and projects which better meet the needs of our senior students, and which would not have been possible in the absence of a vibrant donor community.

The USF Foundation’s Associate VP for University Advancement, Marion Yongue, hosted the lunch and took the opportunity to introduce a new planned-giving brochure specifically designed to facilitate greater understanding of the personal and institutional benefits of planned-giving programs involving OLLI-USF.

OLLI-USF Board members took the lead again this year with 100% participation in the Annual Fund, and we salute all the individuals and organizations who made a special effort to increase their contributions in honor of the 25th anniversary of the Lifelong Learning Institute at USF. Kudos to the small but mighty OLLI-USF Development committee for an outstanding fundraising year.

Thank you to our dedicated and talented volunteer instructors and coaches for your time, energy and wonderful courses.
Survey SAYS!

Every two years, we survey our members to get a sense of how our members’ needs, interests, and preferences change. A big thank you to the 371 OLLI members who took the time to respond to the 2018 member survey: the information we glean from the survey will help us determine future programming and direction.

We ask many of the same questions with every survey, so we also have the opportunity to see how member demographics, interests and preferences have changed over time.

We’ll report more about the survey in our 2019 Annual Report, which will become available in time for the Annual Meeting on May 1. Here are a few tidbits:

- Interest in travel and travel-related courses is a growing interest. Members want more group travel opportunities and more armchair travel courses to learn or revisit different cultures.
- Cultural experiences such as our programs with the Straz, the Florida Orchestra and local museums, are also a growth area for future programming.
- Of course, members wish more of our classes were offered closer to home. Members repeatedly mentioned wanting to see more offerings in South Tampa and in the Brandon/Riverview area.
- Course areas with the greatest interest remain history, current affairs/politics, and technology training. Wellness and health-related courses are showing a lot more interest than in the past. Science breached the top five in topics interest!

- Shared Interest Groups (SIGs) are becoming a highly important part of the OLLI experience. More members than ever are participating in a SIG.
- When we asked members how likely they are to recommend OLLI, survey respondents were mostly highly satisfied. Over 80% of respondents indicated a 9 or 10 on a 10-point scale. This is important to us because most new members were referred by another member! Members have always been our best recruiters and we’ll look at ways to encourage you to TELL A FRIEND ABOUT OLLI.
- Generally, members find OLLI courses affordable; the most frequent obstacle to participation remains the full lives many members lead! Finding the time to take more OLLI courses remains the biggest challenge.
- Members generally tell us the primary reason they participate in OLLI membership is intellectual stimulation, followed closely by acquiring new skills and social interaction. These reasons have remained consistent with every survey. It is a relief to know some things never change!

Members also weighed in on courses they would like to see OLLI offer, interest in social activities and events, and more. There is plenty for us to improve, but we are heartened by members who, when asked, “is there anything else you would like us to know,” respond as this member did, that OLLI is “One of the great experiences of my life.”

Let Us Entertain You!

OLLI-USF would be glad to provide a speaker for your club or organization. Some of our great teachers are part of our Speaker’s Bureau, and they are glad to speak with your group about OLLI or share a taste of OLLI with a mini-class presentation. Contact Sara Zimmerman at revsara2@gmail.com, or OLLI Director Ara Rogers (aarogers@usf.edu) to get started.
In November 2018, the Faculty Support team hosted a reception at Compton Park to celebrate and thank our OLLI instructors.

OLLI’s Faculty Support Team offers orientations for new instructors, Lunch and Learn programs, advice and informal mentoring for all instructors. The team set up a Faculty Resources website this year with newest team member Al Carlson acting as webmaster. Al is also the editor of OLLI Connects, the OLLI blog.

OLLI instructors gathered at the USF library on March 14 for a Lunch and Learn focused on the resources and services available to them to enrich their courses, led by digital librarian Barbara Lewis.

OLLI’s Social Events Committee creates events for members to gather, see old friends, make new ones, and have fun together! The committee meets the first Thursday of the month, September through April from 1:00-2:30 p.m. at Concordia Village of Tampa, Skylight Dining Room. Join us for a tasty and inexpensive lunch at noon (credit card payment only).

**Demystifying Annuities and the Current State of the Market**
Do you own annuities and other insurance products that are not maximizing your investment? Have you been considering investments but need more information on the subject? Have your goals changed? If you want to review your options with facts, not sales, this is the class for you. Understanding the pros and cons of various annuity methods will help you to decide how to maximize your investment potential. The current economy, interest rates, markets, insurance, income investments and bonds will all be covered. Discover the profitable benefits of goal-based financial planning.

**Politics and Culture of Ancient Sicily**
Ancient Greeks and Romans struggled to design and put in place the ideal form of government. Democracy, monarchy, tyranny, empire -- all these political experiments showed their limits over time. The island of Sicily, initially the strategic colonial dominion of the Greeks and subsequently first among the provinces of the Roman Empire, provides an exceptional example of the evolution of ancient political thought. Historical and archaeological sources punctuate the discussion.

**Mid-Century Modern: Back to the Future**
Mid-century modern design prevailed in interiors, architecture and urban design from the post-WWII period through the mid-1970s. We’ll consider the mid-century design aesthetic: the Eames lounge chair, open-beam ceilings, sleek and towering buildings, the Scandinavian influence. Thanks in part to the TV show *Mad Men*, mid-century modern is suddenly hotter than ever. Are we yearning for it again? Come see and decide for yourself.
