

## OLLI-USF Covid-19 Guidelines for Face-to-Face Activities (Rev. 8/26)

---

We are planning on a small number of reduced-capacity face-to-face (F2F) classes this fall. We may switch these classes to remote instruction at any time, if needed, to keep members safe and to accord with USF policy.

Current USF policy applies to OLLI F2F classes and activities to be held on campus or elsewhere as of August 26, 2021:

**All members of the USF community will wear a mask on campus, vaccinated or unvaccinated.** This is particularly important when indoors, in crowded outdoor settings, if you have a weakened immune system or an underlying medical condition.

If you have not been vaccinated, we encourage you to take your OLLI classes on Zoom until you are vaccinated. However, if you decide to take a F2F class while unvaccinated, please follow CDC guidelines:

- Wear [a mask that covers your nose and mouth](#) to help protect yourself and others.
- [Stay 6 feet apart from others](#) who don't live with you.
- Get a [COVID-19 vaccine](#) when it is available to you.
- Avoid crowds and poorly ventilated indoor spaces.
- [Wash your hands often](#) with soap and water. Use hand sanitizer if soap and water aren't available.
- **Be alert for symptoms.** Watch for fever, cough, shortness of breath, or [other symptoms of COVID-19](#).

In general, people are considered fully vaccinated: ±

- 2 weeks after their second dose in a 2-dose series, (Pfizer or Moderna vaccines), or
- 2 weeks after a single-dose vaccine, such as Johnson & Johnson's Janssen vaccine

If you don't meet these requirements, regardless of your age, you are NOT fully vaccinated. Keep taking all [precautions](#) until you are fully vaccinated.
