POSSIBLE/CONFIRMED COVID-19 CASES - STUDENT

Student is exhibiting symptoms consistent with COVID-19

- Student notifies faculty advisor/Instructor
- Contacts Student Health Services
- Advisor informs Drs. Puccio, Petersen, Menezes
- Cleaning protocol implemented - inform Bill Land

- Student is sent home to isolate
- Seek medical attention from SHS*
- Get tested for COVID-19 at SHS*
- If symptoms worsen, contact SHS or a Primary Care Provider or the Emergency Room

If student is employee, Inform Unit Supervisor about test result

TEST POSITIVE

Student continues to isolate
May return to campus (school and/or work):
- At least 10 days have passed since symptoms first appeared
- AND at least 1 day (24 hours) has passed since last fever without the use of fever-reducing medications
- AND symptoms have improved.

TEST NEGATIVE

Student may return to campus (school and/or work):
- If symptoms clear or a non-COVID-19 diagnosis has been made.
- If symptoms do not improve, follow-up with a medical provider who may suggest retesting.
