

10.22.21 & 10.29.21

MIE TEACHER ACADEMY

Earn your MIE certification!

Do you want to add additional certifications to your resume? Would you like the opportunity to be recognized as a global educator visionary who uses technology to pave the way toward better learning and student outcomes?

You're invited to a specialized two-day event to learn about the many tools Microsoft has to offer (Teams, OneNote, Forms, etc). Throughout each day, you'll participate in a series of immersive learning activities that will help you increase efficiency, enhance communication and collaboration, and improve instruction to meet the needs of your students — while modeling the innovative use of educational technology.

This is an introductory course intended to expose pre-service teachers to Microsoft offerings for education. Attendees will earn a code to redeem the MIE badge on the Microsoft Educator Center as well as a Microsoft Innovative Educator certificate of completion to add to their portfolio.

Attend both sessions for your chance at winning the Surface Laptop giveaway!

**Friday, October 22,
2021 and Friday,
October 29, 2021**

9:00 am – 12:00 pm

Breakfast provided!

**TECO Hall, Anchin
Center**

**Please bring the
working device(s)
you are most
comfortable with to
both sessions.**
