

Discussing Global Issues in K-12: The Effects of Animal Agriculture on our Planet

Monday, February 11, 2019 | 4:30 - 6:30 p.m.

Location: College of Education (EDU), TECO Hall

Join us for a viewing of the educational edit of the documentary “Cowspiracy: The Sustainability Secret” followed by a discussion of the issues and data presented in the film as well as implications for incorporating these issues in classroom instruction of various subjects (e.g. mathematics, social studies) and at various levels (upper elementary, middle, and high school).
