

ROBOTICS SUMMER CAMP //

For Students in Grades 2-8

SESSION 1 //

June 3-7

Times: 9am -5pm

Cost \$250 per week

Roamer Robotics & STEAM

Students going in to Grades 2-3

Future roboticists will work with a Roamer Robot as they learn all about coding and applying their programs to STEM-oriented engineering design projects.

SESSION 2 //

June 10-14

Times: 9am -5pm

Cost \$250 per week

VEX IQ Robotics

Students going into grades 4-5

Campers take on the role of roboticists as they build and program a VEX IQ robot. Campers will develop teamwork skills while participating in the new 2019-20 VEX IQ competition game.

SESSION 3 //

June 17-21

Times: 9am -5pm

Cost \$250 per week

VEX IQ Robotics

Students going into grades 6-8

Campers will take on the role of roboticists and experience the engineering design process as they design, build, and program VEX IQ robots. Coding techniques specifically geared towards robotics will be emphasized. Students will utilize the new 2019-20 VEX IQ competition game.

LOCATION: USF COLLEGE OF EDUCATION – TECO HALL

Space is limited; apply as soon as possible.

Campers must provide their own lunch (it will not be available for purchase).
