

**THOMAS DECANIO, ELECTRICAL ENGINEERING UNDERGRADUATE STUDENT,
NAMED 2019-2020 PES SCHOLAR**

Congratulations to Electrical Engineering's undergraduate student, Thomas DeCanio, for being selected as a 2019-2020 PES Scholarship Plus Scholar Recipient. Thomas will receive \$2,000 for being named a PES Scholar and he has obtained this scholarship as part of the IEEE PES Scholarship Plus Initiative. Over 300 students submitted an application, and 135 scholarships were awarded. The scholarships were awarded amongst eight regions within the US recognizing undergraduate students who are high achievers with strong GPAs, active in extracurricular activities, and committed to exploring the power and energy field. Thomas is expected to graduate in Spring 2020.

Keep up the great work!
